10 Deer-Car Accidents Reported Throughout County

There were ten car-deer accidents in Crawford County during the week of October 17 through October 23. According to the Crawford County Sheriff Department's weekly accident and complaint report, this number is up sharply from previous weeks.

Area motorists should be aware that as the different hunting seasons produce more activity in the woods, the potential for car/deer accidents increases. This is a good time of year to drive defensively.

Recycling Will Be Main Topic Of Annual District Meeting Oct. 27

The Crawford/Roscommon Soil and Water Conservation District will be holding its 21st Annual Meeting on Thursday, October 27, at 7:00 p.m. at the Community Center in Roscommon.

The theme for the program will be recycling with a program given by Jeannette Kitchen, Crawford County Commissioner, Grayling.

An election of 2 directors will be held with the nominees being: James Bischoff, Ron Eno, Wes Hayes, Tony Latusek, Harold Mertes and Glenn Schicker.

Reports will be given on local conservation activities; with awards being presented to reflect cooperation and progress.

Awards will also be given to local students for their participation in a poster contest.

The public is invited to attend and bring the family.

GHS Blood Mobile Slated For Wednesday, November 2

On Nov. 2, there will be a blood mobile at Grayling High School in the gymnasium. If you miss it there will be another one at Frederic Elementary School on Nov. 3. There is a dangerously low supply of blood on hand right now, especially O-, O+, B+ and B-.

Miss Grayling Organizers Seek Help With Pageant

The Grayling Regional Chamber of Commerce sponsors the Miss Grayling Miss Michigan Scholarship Pageant each year, and the January 21 pageant date has been set. Last year the pageant was franchised by the Miss Michigan Pageant, and the community is lucky enough to host Miss Michigan, Krista Blomgren, during the pageant. She will serve as Mistress of Ceremonies and perform her talent which won her the Miss Michigan Title.

Pageant organizers plan to establish a Board of Directors to produce the pageant this year. This Board will be responsible for making decisions, production, fundraising, finding pageant moms and all details involved in the show. If you would like to be involved in this fine production, please call the Chamber of Commerce, 348-2921.

New Toy Donations Needed To Fill Christmas Baskets

Once again the Crawford County Community Service is asking for your help. With Christmas just around the corner they need new toys for needy children.

The Crawford County Community Service supplies 150 to 200 families with food baskets and toys every year and this year we are running out of money and are asking for your help.

If you have a donation you can drop it off at the Grayling Holiday Inn on the Business Loop in Grayling or at the North Country Lodge on the I-75 Business Loop North in Grayling.

For further information please contact: Bernita Slegger after 5:30 at 348-9541.

State Corrections Dept. Gives \$50,000 Grant To Help Local Offenders

By Irene Pettyjohn

New Life Community Services has received a \$50,000 grant from the Michigan Department of Corrections to provide rehabilitative services to prisoners serving time in the County Jail.

Robert Smock, director of New Life Community Services, explained that the Crawford County Jail program is the first community corrections program to receive funding from the Michigan Department of Corrections. Smock stated that without the support and assistance of Representative Ralph Ostling, Judge Alton Davis and Sheriff Harold Hatfield, the program would never have received the necessary funding from the State.

The Crawford County Jail program was designed by New Life Community Services to meet the specific employment, counseling and educational needs of Circuit Court felons serving one year or less in the County Jail. The program began on October 1, and is currently working with 10 County inmates.

Recruitment is coordinated by David Lemmen, Circuit Court probation officer, and Michael Johnson, Jail Administrator, with a four-man panel consisting of Judge Davis, David Lemmen, Sheriff Hatfield and Michael Johnson sharing responsibility for screening prisoners for program participation.

Lemmen and Johnson will identify Circuit

Court felons who are most in need of services offered by this program and refer them to New Life Community Services. Targeted individuals for the program will be Circuit Court felons and inmates 18 years or older serving sentences in the Crawford County Jail.

Once an inmate has been identified as a candidate for the program, New Life Community Services will determine individual goals, educational background, personal areas of concern and career interests of each inmate. The inmate and the New Life employment counselor will develop a plan which will establish the type of services needed by the inmate. The plan will provide an individualized approach to removing the barriers that deter the inmate from being successful upon release. These barriers include poor self-esteem substance abuse, a lack of adequate education, a lack of employability skills and other environmental and personal inadequacies.

Counseling will be provided on an ongoing basis each week, and will include individual, group, family, marriage, substance abuse, financial and other personal areas of concern.

Educational areas to be addressed will include remedial reading, GED and high school completion. A reading tutor will work one-on-one with poor readers. A special class will address various community or-

Exit Poll Aimed At Local Residents' Camp Grayling Views

An exit poll survey of Crawford County residents to determine the impact, positive or negative, of National Guard training exercises on residents will be conducted on Tuesday, November 8, as voters participate in the General Election process.

The survey is sponsored by the Camp Grayling Management Advisory Committee, who is concerned that a large segment of Crawford County's population has not expressed their view on how and to what degree the National Guard training has affected their lives.

Members of the Grayling High School Government Club will be stationed at each of the seven polling centers from 7 a.m.-8 p.m. asking voters to take a few minutes to

complete the Camp Grayling survey.

Survey questions will be in the form of "yes" or "no" answers or multiple choice answers. The survey does not ask individuals to identify themselves, although the Advisory Committee is interested in separating the responses of residents by geographical locations.

The questions for the Camp Grayling survey are being prepared by the Michigan State University Extension Service.

The Camp Grayling Management Advisory Committee is urging residents to participate in the exit poll survey, as they attempt to discern how the residents feel about the presence of the military in Crawford County.

Police Designate Oct. 31 For Trick-or-Treating

Grayling Chief of Police Pete Stephan is recommending all Halloween Trick-or-Treating be conducted between 6-8 p.m. Monday, October 31. People driving in the Grayling area on Monday the 31st are asked to be exceptionally observant for the young "Goblins" during this time.

Also, the Crawford AuSable School Elementary Halloween Parade will start at the Elementary School at 1:00 the 31st and will proceed from the school down Michigan Ave. to BL/75 and back on the same route to the school.

A friendly reminder to parents and young goblins participating in Halloween activities that would be:

1. Masks or material obstructing vision should be removed when in traffic areas or crossing streets.
2. All treats should be taken home for inspection before they are eaten.
3. Costumes should be non-flammable material, light in color for good visibility.
4. Flashlights should be carried after dark and parents should attempt to have their little goblins escorted.
5. Goblins should approach residents having porch lights or similar indications of welcome displayed.
6. Parents finding suspicious items brought home by young people should question where they were obtained. Any items found to be abnormal should be taken immediately to local law enforcement authorities.

Funds Okayed for Repair Of McMasters Bridge

By Irene Pettyjohn

Funds have been approved to replace McMasters Bridge, the Michigan Department of Transportation (MDOT) announced on Thursday, October 20. The funds, 95% of replacement costs, will be available on October 1, 1989.

MDOT, in a letter to the Crawford County Road Commission, explained that the approval was being announced well in advance to allow the County to prepare the necessary drawings and apply for the required permits.

John Keir, Engineer Manager of the Crawford County Road Commission, said that the Road Commissioners have requested that he begin preparing for the bridge replacement immediately. Keir estimated that the County will be ready to let bids by October of next year. Construction, said Keir, would then begin in the spring of 1990.

The load limit for McMasters Bridge was lowered to three tons in June following an inspection by the consulting engineer firm, R.S. Scott & Associates of Alpena. In a report Scott described the concrete deck of the bridge "in critical, barely tolerable condition", and stated that it was the inspecting engineer's opinion that "traffic should be limited to automobiles and light pickups trucks only, at a reduced speed."

The load limit reduction has caused problems for many residents in South Branch

Township. Emergency services such as fire and ambulance services have had to be rerouted because their vehicles exceed the three ton load limit. School buses and garbage collection has also been affected. The Township has had to bear increased expenditures because of affected services.

The only available detours are lengthy and can add twenty minutes to the normal travel time.

The Crawford County Road Commission has been applying to MDOT for Michigan Critical Bridge Funds for approximately 10 years. Earlier this summer, Keir said that he was hopeful that McMasters Bridge would qualify for funding in 1990. He explained that Critical Bridge Funds are granted on a priority basis, and that McMasters Bridge has not placed high enough on MDOT's priority list.

Since that time the Crawford County Road Commissioners and the Crawford County Board of Commissioners have written letters to Representatives Bill Schuette, Ralph Ostling and Connie Binsfeld appraising them of the McMasters Bridge.

A nine-member committee, representing MDOT, the 83 county road commissions and the municipal street agencies establishes priority for bridge replacement. Their decisions are based on the condition of the bridge, its importance to the street or road network and the local agency's ability to finance its share of construction.

ganizations and services available to the inmate both while he is in jail and when he is released. These resources include private business, Job Training Partnership Agency (JTPA), Michigan Vocational Rehabilitation, Michigan Department of Social Services, Michigan Employment Securities Commission (MESC) and related employment and counseling services. Educational classes will be held at the County Jail on a weekly basis.

Sixteen inmates, who have been selected by the screening panel, will be provided the opportunity to work on a community service job. Supervision for these inmates will be provided by the on-site supervisor of the non-profit organization receiving the services.

The Environmental Clean-up Program that completes a county-wide sweep of Crawford County roads and rivers from May to September is an example of a community service project.

A minimum of 10 inmates will be provided work-release opportunities. The positions will be developed by the New Life employment counselor, and the jobs will be developed on an individual basis. When an inmate becomes eligible for a work-release job, the New Life employment counselor will place the individual with a private sector employer.

Inmates participating in the work-release program will be required to reimburse the County \$10 per day for their room and board expenses. Johnson said it costs the County \$37.48 per day for each inmate housed at the County Jail.

Pre-release planning will take place for each inmate. A three month goal or objective plan will be developed ahead of each inmate's release.

Smock explained that the Michigan Department of Corrections has determined that the most crucial time for individuals released from incarceration is the first three months following their release. It is then, Smock said, that the greatest potential for committing another crime exists. The pre-release plan attempts to offer the released individual a pre-planned schedule of structured successes.

"If, through counseling and testing, the program can identify where an individual is having difficulty," explained Judge Davis, "and then work on correcting those problems; identify the individual's skills, and can integrate them into the work force after they have been released from jail, then we have a productive individual who is not so likely to be back in trouble again."

The pre-release planning is extremely important and will be done both individually

and in the classroom setting.

An important goal of the Crawford County Jail program is to reduce the negative attitude of the community towards County inmates.

Smock said that the need to rehabilitate Circuit Court felons on the local level is becoming widely accepted by legislators and corrections personnel.

"Michigan's corrections budget is continually increasing," said Ostling. "This year the corrections budget is nearly 3/4 of a billion dollars (\$678,000,000)." He said that by 1991 Michigan would have 40 prisons housing 30,000 plus prisoners. Early rehabilitation will hopefully break the cycle of the repeat offenders who eventually enter the State prison system.

The Crawford County Jail program has been strongly supported by Sheriff Hatfield.

Hatfield explained that small County jails offer a safe atmosphere for the less serious offenders that the State prisons do not. However, he points out that because small counties cannot financially afford to offer Libraries, gymnasiums, leather tooling classes, etc. for their inmates, "serving time in the County Jail is definitely doing 'hard time'," he said.

Inmates have nothing to do all day except think, sleep and in many cases get into more trouble. They are housed four to a cell that is 13 by 15 feet. He said that he welcomes the program because it offers the inmates constructive activities during their incarceration and possible long-term benefits to both the success or failure of any rehabilitative program depends on the willingness of the individual to change. The Crawford County Jail program offers the opportunity and the means to help County inmates make necessary changes.

"Upon release New Life Community Services will refer individuals to an employment agency (MESC or JTPA) and to any community offender program that will assist them with their employment needs," Smock said. Probationers may also be referred to another agency to continue their substance abuse counseling, or possibly referred to Kirtland Community College for vocational training in a program based on local labor markets. "All of this," Smock stated, "is to help the released individual make realistic choices and decisions that will keep them out of the County's court system."

Most inmates are required to meet with Lemmen, either on a weekly or monthly basis following their release, in his role as probation officer. During these meetings, Lemmen will be monitoring the pre-release plan and encouraging probationers to follow it wherever possible.

and graceful porcelain figurines. Wood 'n Things donated two amish dolls and a gift certificate for furniture refinishing. There will also be a Terry Dickinson limited edition print of the Camp Grayling Officers Club - donated by the Grayling Minuteman Foundation.

A list of all the items is listed in today's paper. The final list will be in next week. The Grayling Dixieland Band will be playing for the evening - as well as offering themselves at auction to play for a special occasion of the winning bidder's choice.

Some donations to United Way are not up for bid, but they are just as important. Golden Rule Printing is doing 7500 flyers to

be distributed throughout the area at no charge. Northern Litho will be making 50 posters for distribution - also at no charge. This is the kind of community support that makes Grayling such a wonderful place.

New to the United Way Auction this year is the Silent Auction. Beginning at 5 p.m. people will have the opportunity to make their bid on selected items by writing an amount on the attached card. Promptly at 6:30 this opportunity will end and the last two bidders will have a final opportunity. There will then be a short intermission and at 7 p.m. the regular auction will begin. Moe McNamara and Gloria Kraus hope that this Silent Auction will help to shorten the time - and add fun to the evening.

Local Boy Scouts Join National 'Good Turn'

As a member of the community, you hear about Boy Scouts and how they pledge the ideals of service to others and the community. And frequently you will see these Scouts practicing these ideals in individual and unit service projects and good turns.

Next month, on November 12 and 19, the Boy Scouts of America's National Council is coordinating a very special national good turn called 'Scouting for Food'. Now each of the Cub Scouts, Boy Scouts, Varsity Scouts, and Explorers in the Lake Huron Area Council, which includes much of the eastern portion of the state, will play a major role in alleviating one of the most serious problems in America . . . Hunger.

The latest studies show that more than 20 million Americans including 4 million children go hungry at some time each month. There are more hungry people in America now than at any time in the last 25

years.

Throughout the nation on November 12, youth and adult volunteers from the Boy Scouts of America will distribute collection bags door to door. Then, on the following Saturday, November 19, the Scouts will collect the bags packed with non-perishable food.

Emphasis is on food needed for nutrition such as peanut butter, complete packaged meals, and canned goods, especially tuna, chunky soups, stews, meats, fruits and vegetables.

Locally, the Scouting for Food Good Turn will be done by Boy Scout Troop 979 of Grayling. Scouts and adult volunteers will be on the streets by 9:30 a.m. Saturday, November 12, to distribute the collection bags. Then the Scouts will be on the streets again the following Saturday to collect the bags with the food in them. The Boy Scouts will be easily recognized as they will be in uniform on both days of the campaign.

Food collected by the local Boy Scouts will then be turned over to the Michelson Memorial United Methodist Food pantry. The food is then made available to those in need.

For more information on the Scouting For Food Good Turn, contact Scoutmaster Loren Goodale III at 348-9414.

RE: Claim

Dear Kevin and Andrea:

I noticed that you recently presented a claim and a copy of the draft issued indicated that the claim is closed and settled.

I am doing a spot check on our claim procedures and would like to have your input.

Was the settlement satisfactory with you?

Were you contacted or communicated with in a timely manner?

Do you feel that anything we did delayed your claim in any way?

Any suggestions or comments that you can give us would be very much appreciated as it is our goal to offer the best claim service available anywhere.

Thank you and we want you to know that dealing with people like you make it a pleasure to work and live in Grayling.

Sincerely,

Paul J. Thomson

'Last Temptation of Christ' Film Is Offensive to Many

Dear Editor:

There is a great deal of unrest in some communities because of the screening of Hollywood's "The Last Temptation of Christ." Now that it is available in our community also I'd like to respond.

While we recognize the right of individuals or companies to freedom of speech, we could wish they would not abuse that right. A "blasphemous" treatment of such a gentle and helpful life as that of Jesus of Nazareth does much to destroy the very values he lived and died

to preserve. The film is an offense to many who loathe the profanation of that which is holy and sacred.

Certainly one who is concerned with the imagery that fills his or her memory banks (See Phillipians 4:8) would not want to submit to such an invasion of the "inner sanctum" of the heart.

Those who would like to learn more about the authentic historical background and the nature of the Christ depicted in the Gospels are invited to read the classic of the life of Jesus, "Desire of Ages" by Ellen G. White. It

has been acclaimed by a variety of scholars as one of the very best sources of inspiration and information about that "One Matchless Life".

The Grayling Seventh-day Adventist Church will be happy to give a copy of that book in our community who request it. Just call 824-8384 or write to 308 Mikado St., Grayling.

We just feel that our citizens deserve to know the rest of the story in a reverent presentation and we'd like to help.

Selected Too Often For Jury Duty Here

To the Editor:

I am a retiree that moved to Crawford County in 1976. The guard does not bother me, but the jury selection system has forced me to sell my home, and I am in the process of moving to Florida. I have received five jury questionnaires, one every other year, and have been selected for jury duty four times. I served three times, excused once. At three months service each time this is a year out of my retirement.

I am a native of Michigan, worked 35 years and served 4 years in the service in the early 40's. I don't know

where the fault is, but I think somebody should look into the way names are said to be drawn at random. I did not retire and move up here to be a mainstay for your jury. I do not mind taking my share of responsibility, but it certainly seems to me that somehow my name got put on a list for regular random jury selection. I gather from talking to other people that this is rather common.

It certainly does not seem fair that people should be picked on a regular basis. I don't think this is the way the jury law was meant to be used.

Vote Yes on Proposal A To End Tax-Funded Abortions

Dear Jon,

Sixteen years ago many of us were fighting a public battle against abortion on demand. The majority of Michigan voters voted "No" on the Abortion Reform referendum of November 7, 1972. By democratic process the majority of the people in Michigan soundly rejected abortion.

The following year, in Roe vs. Wade, a liberal oligarchy of Supreme Court Justices overthrew the will of the people of Michigan. Since then the people of Michigan have made numerous attempts through their elected state legislature to stop the use of their tax dollars for abortion. Two different governors have single handedly vetoed both the Legislature and the will of the people on the abortion question.

A legal referendum signed by sufficient citizens to lead to a law against tax-funded abortions has been established, then challenged in court, and we must again vote as a state, "Yes" on proposal "A" if we wish to keep this law.

Today in Michigan, a pregnant teenager with morning sickness cannot receive an aspirin without her parent's permission, but she can receive an abortion even without their knowledge. And your tax dollars can pay for this abortion without your knowledge or your approval. This is being called "basic or vital health care service" by the pro-abortion crowd. The only person who truly profits from the action is the abortionist. For a minutes work, only a Mafia hit-man can do the same task and receive comparable wages.

A current advertisement by People's Campaign for Choice ends their arguments with the following statement: "Proposal A is part of the national, far right-wing, fundamentalist agenda to impose its narrow beliefs on everyone in Michigan — and then everyone in America."

When a teenage girl can choose to abort her baby daughter without the consent of her parents, the father, or anyone else in society, and force you to pay for the action with your tax dollars — I ask you to consider who or what is trying "to impose its narrow beliefs on everyone in Michigan — and then everyone in America?"

Sixteen years ago we were publicly accused of "Double Standards" for our efforts to stop abortion instead of trying to stop the killing of Communists in Vietnam. Later, seven Grayling clergy publicly challenged our position supporting Capital Punishment for certain criminals. Yet, for all my years in Grayling, I have never seen a public statement by Grayling clergy against the murder of babies.

A baby is conceived in the image of God with a right to life for which all of us will be held responsible. I do not want to face God knowing my tax dollars killed babies. I will vote "Yes" on Proposal A, to end tax-funded abortions. How will you vote in light of eternity?

Pastor Robert J. Barnett

ALL ABOUT TOWN

From Our Corner

By Whitey Madsen

The ol' fella must be getting senile...how else can you explain why someone would drive 350 miles just to watch a high school band perform for about 15 minutes during halftime of a football game?

That's right, that's just what we did...

This gem is being put together in Amherst, Ohio after we watched Westlake defeat Amherst High 18 to 14 for their first loss of the season...they went into the game 6-0...

The highlight of the evening was watching our freshman granddaughter perform in the marching band...T.J. plays a Altoonium in the 125 member band...I don't know where T.J. gets her musical talent, it certainly is not from the ol' fella...I couldn't carry a tune in a bushel basket...

In case you didn't know, it is now Wednesday, the day before we head back home...we have taken a few days off since the football game...

The reason we mention this is Wednesday is that Saturday and Wednesday, Jamies Flea market is open, and you guessed it...our bride talked Toni into going out there today...her trip to Ohio wouldn't be complete unless she was able to go to the flea market or a half dozen garage sales...

It was at Jamies where she bought the right handed down filled pillow fluffer...I guess she wanted to go back and see if she could find a left handed fluffer...I think she is planning on buying a new pillow that she hold in your right hand...

Really, though, as I sit here I can't think of what she might buy out there today...I am prepared for her first statement though, when she comes in the door... "guess what I bought?"...at this stage of the game it really

doesn't matter...as long as it's not a couple fleas that might mate...

We are continually asked if we like it being retired...we don't miss work at all but, we can't say we don't miss the nice people we would meet on a daily basis...the positive people we miss, it's the negative ones we don't miss at all...

Autumn in Crawford County is possibly the most beautiful time of the year...not only does it bring out the beauty of the foliage but, it seems to have a cooling effect on the tempers that run rampant during the heat of the summer...

For some reason Crawford County becomes the whipping boy during the summer...why does a county that is possibly made up of 90% sand and Jack Pine and 80% owned by the Federal and State governments have to have so much controversy?

During our tenure with the Avalanche, two times the DNR has wanted to remove the dams on the AuSable to protect the trout because the water was too warm, so they said...now this year was the deterioration of the old power dam...

The big fight here a couple years ago was the catch and release trout fishing on the AuSable...that subsided a bit...

This summer was the turmoil over getting rid of the National Guard...from the outside it seems like that is all that I heard about...

The AuSable has been flowing forever with its fish...the Guard has been here a meager 75 years with its economic output for the survival of Crawford County...

Autumn is beautiful...isn't it...goodnight T.J., Stefany and Amber...

They may be dead by the time you read this. Then again, they may still be alive, recuperating from their ordeal, on the way to join their buddies in the Pacific Ocean. They are the three California grey whales, presently trapped by Arctic ice off Point Barrow, Alaska.

They were caught in the Arctic Ocean in mid October, victims of nature's premature ice movements and their own abnormally late feeding. Their tenuous lifelines are two relatively small holes in the ice through which they come up for breath every few minutes.

They in turn have captured the hearts of our country. We can relate to them. For who among us has never fallen victim to a problematical situation created by our own gluttony — eating or otherwise — acting in combination with uncontrollable circumstances?

They have brought out the best in us humans. Greatly diverse groups of people have joined efforts to break the several miles of ice that separates the whales from open waters, freedom and life.

Today all continue to wait for the ice-breaking barge, plagued with mechanical problems and itself stuck in the ice, to make its way to the whales. Meanwhile the rescue crew carves more holes, enlarges existing holes, plans alternate strategies and babysits the weakened trio to protect them against attacks by hungry polar bears.

The Eskimos have given the whales names. Sika, the largest, is estimated to measure 35 feet long and weigh 16 tons. He (or she) appears to be in the best physical shape. Kannick is one of the two smaller whales. Poutu, the smallest, was wheezing this week and biologists feared that pneumonia had set in.

"Envision yourself in a hole the size of a manhole cover, having to constantly struggle to stick your head out for air.

That's analogous to what these whales are going through," said Ron Morris, a biologist for the National Oceanic and Atmospheric Administration's fisheries services, which is co-ordinating the rescue mission. Another biologist said that Kannick and Poutu have banged up against the ice so much that the skin is gone from their noses down to the bone.

But as I write, there are reports that all three seem to be perkier and in better shape. Rescuers are reported to be exercising cautious optimism. Yet it continues to be a mystery how long the whales can remain captives of their restrictive environment.

While rescuers work, the rest of the nation watches. We plan our daily schedules around television and radio news of their condition and situation. We search the daily newspapers for reports. We pray that warm weather will keep the water beyond the ice sheet open. We dare to hope that the winds might even reopen the seven miles of ice which keeps the whales from their natural migration to waters off California and Mexico.

And as we think about the whales, we also applaud the efforts of the people who work and wait and worry on the ice off the coast of our country's northernmost city.

I am reminded of the words of Mohandas Gandhi: "The greatness of a nation ... can be judged by the way its animals are treated." Let us pause to recognize that at this moment we are seeing the greatness of the United States of America in action.

I hope very much that by the time you read this the real life drama as Sika and Kannick and Poutu will have ended happily. But regardless of the outcome, I remain in awe and with gratitude for the human players. They are heroes. They are great. They are America.

Recent results from a Gallup Poll could have been filed under the category "I Already Knew That!"

According to a Detroit News article last week, a Gallup survey found people with lower incomes contribute more of their money to charities than persons with higher incomes. The survey estimated 48 percent of all donations to charities come from households with a total income of \$30,000 or less.

Gives new meaning to the term "disgustingly rich," doesn't it?

Here's some numbers to make you groan a little:

There are 56 days left before winter even starts.

If you get paid every other week, there are only four pay periods left to do all your Christmas shopping.

It will be almost another two weeks before Election 88 is over. Two more weeks of Bush-Dukakis, Quayle-Bentsen, and all the other races that make your day.

Almanack

Four state proposals face voters

THE NOV. 8 election, in some ways, is a simple one: Whom do you want for President for the next four years — George Bush or Michael Dukakis?

But in a lot of other ways, it's not quite so simple.

Michigan voters on Nov. 8 will decide four statewide questions. The one involving public funding of abortions has been getting the most attention, but there are three others, too.

PROPOSAL A on public funds for abortions is a bit tricky in itself, and voters will have to be careful to be sure their actual choice is being registered. The exact wording is this:

"Public Act 59 of 1987 is a law that states that tax funds shall not be used to pay for an abortion for a person receiving public assistance unless necessary to save the life of the mother. Should the law be approved?"

A "Yes" vote would shut off public funding of welfare abortions; a "No" vote would permit the present practice. It's a bit confusing — to vote "Yes" against public funds for abortion, and to vote "No" in favor of public funding — but that's the way it works.

Voters should be careful that the way they vote accurately reflects their desires.

PROPOSAL B is labeled as a proposal "to include crime victims' rights in the Constitution." It would amend the state constitution to provide (and this is the exact ballot wording):

"1. That crime victims shall have certain rights throughout the criminal justice process.

"2. That crime victims' rights, as provided by law, shall be the right to be treated with fairness and respect for their dignity and privacy; be reasonably protected from the accused; be notified of court proceedings and attend trials; confer with prosecution and make a statement to court at sentencing; restitution; timely disposition of the case; and information about conviction,

sentence, imprisonment and release of the accused.

"3. That legislature may enact laws to enforce crime victims' rights and provide for assessments against convicted defendants to pay for crime victims' rights."

Under this language, the state legislature would pass laws to carry out the intent of the amendment. What the lawmakers would come up in specifics is anyone's guess.

PROPOSALS C AND D are similar — they are both state bond issues.

Proposal C would authorize the state to float \$660 million in general obligation bonds "to finance environmental protection programs that would clean up sites of toxic and other environmental contamination, contribute to a regional Great Lakes protection fund, address solid waste problems, treat sewage and other water quality problems, reuse industrial sites and preserve open space."

Proposal D is not nearly so expensive. It would authorize a state bond issue of \$140 million "to finance state and local recreation projects."

Both bond issues would become general obligations of the state (and its taxpayers) and would be repaid from the state's general fund — that is, from general taxes the state collects.

Details of when and where and how the money would be spent and the bonds paid off would be worked out by state officials.

ALL OF THESE issues are important, and unfortunately they are not drawing as much public attention and enlightenment as they deserve.

Voters should get plenty of information on what's involved and what the effects are, and get their answers ready before they go to the polls on Nov. 8.

Getting the facts early, and making up their minds in advance, may save voters some time at the polling place ... and may help make better decisions, too.

Letters to the Editor

Cannot Have Peace Without Nat. Guard

As a resident of Grayling, Michigan, from May through October, and owners of McBride Cottages on beautiful Lake Margrethe for the past 5 summers, we wish to voice our approval of The National Guard training here.

We have rented to many Guardsmen/Women and their families from Ohio, Indiana and Michigan. They have been wonderful renters and certainly have added to the economy of Grayling.

We along with our neighbors, friends and visitors are perfectly content and at peace with the National Guard. Also knowing the sounds of the Military are ours and not that of the enemy, gives us the feeling of how proud we are to be citizens of this great Country.

Camp Grayling is open to the public all year-round and visited by many in the summer months.

In the winter months their trails are used and enjoyed by many cross country skiers, snowmobilers and hunters.

Some narrow minded humans, who live only for their own personal peace, seem to be discontented with the military activity in the area. We have not seen any evidence of the military causing any harm to our wildlife or property here.

Peace in Grayling is the visible realizing of the freedom from war. This kind of peace benefits all human beings and cannot be attained without the National Guard.

We applaud the National Guard and our thanks also for the time you spend away from your families, to insure peace to all Americans.

PROBATE IN PERSPECTIVE

BY: GRACE DOPP WEGNER

OUR PROBATE COURT IS... A family Court, which deals, not with the ideal family unit, but the disrupted family unit or its products in the areas of child abuse and neglect and juvenile delinquency. The court supervises guardians or conservators for people with special needs and special concerns.

PREPARED FOR THE PROBATE COURT... I have looked forward to the opportunity to serve my Community as Probate Judge for several years. For that reason, I have worked extensively in the Probate Court to gain a working knowledge of the Court's functions and an understanding of the people requiring the direction of the Court.

My own personal "life" experiences have provided me with insight, compassion and sensitivity in understanding the problems of persons in Probate. My business background would enable me to run the Probate Court efficiently and cost effectively.

MY GOALS AS YOUR PROBATE JUDGE... To place emphasis on the areas of child abuse and juvenile delinquency, as these cases are increasing at an alarming pace in Crawford County. With the effective use of the available governmental and community services and a firm and consistent standard of conduct expected by the Court, I believe we can protect the youth of this County from abuse and neglect and guide the troubled youth into leading a productive life.

To have a Probate Court which Senior Citizens and the Impaired will not seek to avoid, but will, with ease and assurance, seek the Court's assistance.

To strengthen and preserve the dignity of the family unit, which collectively provides the basis for a community of which we may all be proud.

I have enjoyed sharing my thoughts with you over the past weeks. I hope you have found the articles to be informative. Your vote for me on the Non-Partisan section of your ballot in the November Election would be appreciated.

Pd. for by the Committee to Elect Grace Dopp Wegner for Probate Judge.

United Way Reaches 26% of Year's Goal

Donations by two Pace Setters highlighted the annual Crawford County United Way Campaign Kick-Off Breakfast, provided by the Holiday Inn of Grayling on October 3. K mart donated \$3,769 of its goal of \$5,500 and Mercy Hospital donated \$3,000 of its \$5,000 goal.

The 1988-89 Campaign chairpeople, Donna O'Grady and D.J. Brown, accepted checks from Joe Hembling of K mart and Dennis Renander of Mercy Hospital in front of an audience which included United Way board and committee members and representatives from the 16 agencies that will receive funds from this fall's campaign.

Most of the \$62,000 raised in the 88-89 campaign will be divided among the following Crawford County organizations which provide a myriad of services to area residents: AuSable Ministerial Association; AuSable Valley Youth Services Bureau; Boy Scouts; Community, Family and Children's Services; Crawford AuSable Day Care; Crawford County Chapter of the American Red Cross; Crawford County 4-H; Crawford County Sibs for Kids Program; Girl Scouts; Grayling Cooperative Nursery; Hospice of

Crawford County; Kenquest House; Mercy Child Care Center; New Life Community Services; River House Shelter; and St. Francis Prison Ministry.

Hardee's of Grayling also joined the United Way family this month with its roast beef sandwich promotion. Twenty-five cents from the sale of every regular and large roast beef sandwich sold through November 4 will be donated to the Crawford County Campaign.

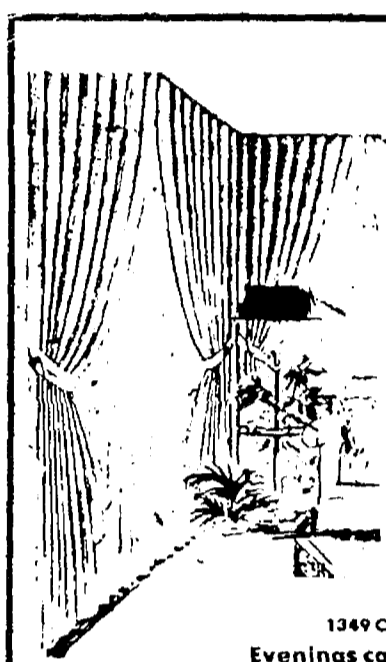

Plans continue for the campaign's grand finale, a giant auction, to be held on Saturday, November 5. The evening's activities will begin at 5:00 p.m. with a silent auction.

The United Board makes every effort to contact area residents to offer people an opportunity to contribute. However, those who have not been contacted can send their contributions to: Crawford County United Way, P.O. Box 171, Grayling, MI 49738.

United Way — it's an example of many Crawford County individuals and organizations working together to insure that those in need won't be neglected or forgotten. We are a caring community, thanks to all of you.

MERCY HOSPITAL DONATES \$3,000 — Dennis Renander of Mercy Hospital presents an initial check to D.J. Brown (L) and Donna O'Grady, co-chairpeople of the 1988-89 Crawford County United Way Campaign.

Visit Puerto Rico Next During Adventure Series

On Thursday evening, October 27, the Grayling Community Education Program will present the second exciting true life adventure of the season in the Grayling High School Auditorium beginning at 7:30 p.m. Doors will open at 6:45 and tickets will be available at the door. Price of admission is \$3.50 for everyone. Season tickets are also available and can be

purchased at the door Thursday evening. Price of the "Passport" which is good for 6 admissions is \$15.00 for adults and \$12.00 for students and senior citizens.

Puerto Rico has its roots in Spanish, Indian and African culture. On Thursday evening's adventure you'll enjoy a historical perspective of the Island from Pre-Colombian to colonial times. You'll sample city, as well as rural lifestyles, by meeting with Puerto Rican people.

You'll experience the excitement and fun of the capital, San Juan. You'll stroll the charming provincial streets of Ponce with its fountains, gardens and cathedral. You'll visit the city of Mayaguez, a center of

industrial processing.

You'll visit Luquillo Beach, a graceful crescent-shaped white sand beach and its calm, crystal-clear lagoon perfect for swimming. You'll explore El Yunque Tropical Rain Forest, a place of waterfalls, lush plant life and wildlife, a place of true natural beauty.

You'll enjoy horse racing at El Comandante Racetrack and learn about the raising of the Paso Fino horses which are a unique breed raised on the island. You'll see the world of luxury that the tourist resorts have to offer and explore the simple pleasures of a small country inn. You'll soon understand why Steve Gonsor calls Puerto Rico an "Isle of Enchantment."

Keeping Healthy

Child Breathing Patterns Can Be Cause For Concern

Respiratory noises that children make range from soft gurgles to full-blown wheezes, snoring and snorting. Most can be distinguished by history and physical examination and even by the physician listening to the child's breathing over the telephone. A common source of undue parental concern is a "snurgle"—a sound produced by infants as they inhale through loose mucus in the nose. But such breathing, while noisy, is normal and will disappear as the baby grows. The constant coughing and sniffing prevalent in young children is, by contrast, mostly habitual, and can be broken by a patient physician using some behavioral modification techniques.

St. Ignace Cruises At Home 38 - 0

St. Ignace, one of the top ranked football teams in the State, outscored the Grayling Vikings, 38-0, Friday, October 21.

St. Ignace made excellent use of its home field advantage by scoring four touchdowns in the first quarter to take a 24-0 lead.

"If we had played with the intensity in the first quarter that we did in the other three quarters," said Coach Don

Stowers, "it would have been a better football game."

Stowers said that Grayling played good defense in the second and third quarters, and held them scoreless in the fourth quarter.

Offensively, the Vikings rushed for 108 yards and they were 3 for 8 in passing.

The Vikings will be hosting the Gaylord Blue Devils this Friday.

JV Team Beats St. Ignace 24 - 14

David Teddy called an excellent game, and Shane Fraser and Dana Mirate both scored on long touchdown runs to lead the Grayling J.V.'s to a 24-14 win over St. Ignace on Thursday, October 20.

St. Ignace scored the first touchdown in the game on a 15 yard run after a blocked Grayling punt.

In the second quarter Grayling tied the game on a 60 yard run by Fraser. St. Ignace scored again, and made a two point conversion taking the lead, 14-6. Grayling came right back with a long 50 yard TD run by Mirate. Their two point conversion attempt was no good, and St. Ignace led at the half, 14-12.

The second half was all Grayling, scoring in the third quarter on a 40 yard run by Mirate and in the fourth quarter on a 54 yard draw play by Fraser.

Defensively, Coach Fred Wolcott credited Jamie Petrie, Max Prosser, and David Wildfong with good games. Bobby Harris had three sacks, and Jim Liberty and Jim Schwartz both intercepted passes.

Petrie and Tim Hough had good punt returns.

"It was a good game by our whole team," said Coach Wolcott.

The Grayling J.V. team have a 5 win and 3 loss record for the season and will be playing Gaylord at Gaylord this Thursday.

Vikings Beat Soo In Overtime 46 - 45

Deanna Phelps scored the only point in the three minute overtime period on Saturday, October 22. It was a single free throw but it was enough to put the Grayling girls' varsity basketball team "over the top" and send them home from Sault Ste. Marie victorious. The final score: 46-45, Grayling.

Grayling led the Soo at the end of the first quarter, 13-10, but they fell behind by halftime, 27-22 and trailed by six points, 37-31 at the end of the third quarter.

In the fourth quarter Grayling put forth a strong effort, and outscored Sault Ste. Marie 14-8 to tie the game, 45-45, and put the game into overtime.

"Deanna did a nice job in the overtime effort," said Viking coach Howard Lehti, "coming up with three key rebounds in addition to the winning free throw." Lehti said that Deanna's only points during the game were from the foul line (3 for 4), but her last point came when the team needed it most.

Lehti said that the Grayling team played extremely tough defense, limiting the Soo's overtime shots to four attempts.

Melanie Ojala took high scoring honors in the game with 16 points. Half of Ojala's points were scored in the fourth quarter and was

credited by Lehti for being instrumental in the team tying the game.

"If it had not been for Melanie's effort in the fourth quarter," Lehti said, "there would have been no overtime."

Ojala scored two three pointers, one which Lehti described as a "fabulous 20 foot shot", which gave the Grayling team momentum.

Other points were scored by: Heather Stephenson 12, Patti Tremblay 9, Lori Gust 6, and Deanna Phelps 3.

Margarita Perez came in to the game to replace Gust, who fouled out in the fourth quarter, and even though she did not score in the game, Lehti said she played a tough defensive game and produced a good effort in Gust's absence.

Lehti said that the support from a large contingent of fans who traveled to Sault Ste. Marie was welcomed by the players and coaching staff alike. He said the Grayling rooting section was larger than the home team's supporters. Lehti said that fan support of the girls basketball program has been tremendous all year, and the support has played a key part in the team's successes.

On Tuesday, October 18, Grayling defeated Rogers City by the lopsided score of 64-39.

Grayling's last encounter with Rogers City proved to be a difficult game, with Grayling narrowly beating Rogers City, 41-39, in overtime. This time the girls approached Rogers City with respect, and came out strong in the first quarter, hoping to gain a quick scoring advantage. At the end of the first quarter the score was 11-6, Grayling; at the half the score was 22-12, Grayling, and by the end of the third quarter the girls carried a comfortable 15 point lead, with the score of 43-28.

High scorer in the Rogers City game was Lori Gust with 17 points.

Other points were scored by: A.J. Pratt and Heather Stephenson with 12 points each, Melanie Ojala 8, Patti Tremblay 7, Deanna Phelps 5, Margarita Perez 2, and Anne Petrosky 1.

"We just out hustled the Rogers City team for four quarters," said Lehti, "and it proved to make the difference in the ball game."

At the conclusion of the Saturday, October 22, game with Sault Ste. Marie, the Michigan Huron Shores Conference standings showed Gaylord in first place with one loss, Sault Ste. Marie in second place with two losses, and Grayling and Cheboygan tied for third place with three losses each.

JV Girls Thump Rogers City 37 - 13

The J.V. girls basketball team lost to Sault Ste. Marie on Saturday, October 22, in a low scoring game that ended with what sounds like a half-time score, 28-17.

The Grayling team went to Sault Ste. Marie with their game plan in hand, said Coach Dallas Hudson, and they executed their plan beautifully. Hudson said that the girls played excellent defense, rebounding and stealing the ball, they out played the Soo in every area except putting the ball through the hoop.

"Losing this game, the girls have nothing to be ashamed of," said Hudson. "They played an excellent ball game. They just could not buy a basket."

High scorer for the game was Michelle Burcham with 6 points. Burcham dominated the boards with 16 rebounds.

Other points were scored by: Shannon Hinds 4, and Lisa Jo Barber, Nicki Morrill, Krista Wyman and

Cindy Fedewa with 2 points each.

Nicki Morrill was credited with 14 rebounds.

Tuesday's game, October 18th, against Rogers City again saw the J.V. girls playing an excellent game, but this time the final score, 37-13, favored the Grayling team.

Taking high scoring honors was Michelle Burcham with 10 points.

Other points were scored by: Shannon Hinds 8, Claudine Allen 6, Lisa Jo Barber 5, with Krista Wyman, Nicki Morrill, Andrea Austin and Missy Gorman each scoring 2 points.

"The team played all-around good basketball," said Coach Hudson. "Michelle Burcham and Shannon Hinds played an excellent game, both offensively and defensively."

The J.V.'s played Boyne City at home on Tuesday evening, and will travel to Charlevoix Oct. 27.

Freshman Girls Defeat Bobcats

The GHS Freshmen girls rebounded from their loss to Cheboygan by defeating the Houghton Lake Bobcats at home by a score of 30-26. Kristi Lamie played her best game of the year and dropped in 10 points followed by Bilye Morrow with 9.

Other scorers were Kris Welch 7, Kim Labo 2, and Tara Bertalan 2.

The girls were defeated on Mon., Oct. 17, by Standish Sterling at home 61-24. "Standish is by far the best team we've played all year," said coach Dave Stephenson. "They have 10 very solid

fundamental players for freshman basketball, girls or boys. The girls have been playing in streaks up and down and I'm waiting for them all to click as a team before the season is over and prove to themselves that they can play basketball as well as anyone."

Kris Welch led Grayling with 8 points followed by Tara Bertalan with 4, who played her best game of the year. Bilye Morrow 4, Kristi Lamie 4, Kim Labo 2, Kendra Wert 2.

The girls travel to Gladwin Monday and host Cadillac on Wednesday.

I Bet You Didn't Know

Brought To You By Bob White Sales Representative

Exactly how good a football player was George Gipp—the man who's famous for the "win one for the Gipper" speech?—Oddly enough, Gipp never played high school football, and didn't even go out for football when he first came to Notre Dame. But Coach Knute Rockne saw Gipp fooling around with a football one day and urged him to join the team. Gipp went on to become one of the greatest all-around players in football history. He could kick, run and pass. He set many records from 1918 to 1920 that lasted for years. Gipp died of strep throat 2 weeks after his last game—and became a legendary inspiration.

Here's a surprising fact...Although Ivy League colleges have been playing football since the 1800s, the name "Ivy League" wasn't coined until 1937 when a newspaper reporter, Caswell Adams, created it.

Did you know the final score of a football game could be 1-0. How's that possible? If a team forfeits a game, the official score would be 1-0. That's the only way to get a 1-0 score in football.

I bet you didn't know...that all new 1989 GM cars and trucks have a 36 month/50,000 mile bumper to bumper warranty. That means the whole car! This is the best standard warranty on any domestic car. And where do you think you can go to see any kind of GM car or truck? Scheer Motors in Grayling! We have the 88's, we have the 89's, we even have Chrysler products. What more can a person ask for. Joe White Says It's Time To Change

Former Crawford County Sheriff, Joe White

An Open Letter From Joe White

Dear Crawford County Voters,

As former sheriff of Crawford County, I am especially distressed at the decline of professionalism, service and courtesy in the Sheriff's Department over the last four years.

Change can only come from the top, so I am seeking the office of Sheriff once more.

Who you vote for as president is your business. Who you vote for as Sheriff is Crawford County's business. That's why I'm urging all voters — Democrats and Republicans — who are concerned about the quality of life and the safety of their family and property to vote for me on November 8th.

Thank you.

Sincerely,
Joe White

As sheriff, Joe White instituted —

- An effective tracking dog unit.
- A S.W.A.T. Team for emergencies.
- A detective unit to solve crimes.
- The Citizens Watch Plan to encourage people to work with their Sheriff's Department.
- An effective Drug Enforcement Plan.
- Security Cameras for the jail.
- Special training for Department officers.

Here is what Joe White will give you —

- | | |
|------------------------|---------------------------------------------------------------|
| Experience | • 26 years in police work • 4 years as Sheriff |
| Efficiency | • No favoritism • Full use of modern police tools |
| Cost Control | • No "extra" budget supplements • No unneeded idle equipment |
| Honesty | • No promises that are not kept |
| | • No "little" special deals for anyone |
| Citizen Service | • Restoration of the Citizen's Aid Program |
| | • An "open door" policy for citizens to voice their problems. |
| | • Restoration of our tracking dog unit. |
| | • A closed door policy for criminals. |

Governor Calls for Regional Protection of Great Lakes

Governor James J. Blanchard has called for coordinated regional action to right illegal dumping of medical and other wastes into the Great Lakes and other waters.

Noting that an investigation has revealed Milwaukee, Wisconsin as the probable source of medical debris which washed up on Lake Michigan shoreline last month, Blanchard said cooperation between states is needed to solve pollution problems.

"It requires interstate, regional cooperation to fully protect the Great Lakes from the threat of medical and other waste," he said.

Blanchard has asked other Great Lakes governors to work collectively through the Council of Great Lakes Governors to develop a region-wide strategy, including uniform laws and penalties, to control waste.

A regional task force, to be chaired by Blanchard's environmental health advisor, J.D. Snyder, will meet November 9 and 10 in Milwaukee to work on the strategy.

The task force was established by the eight-state Great Lakes Commission at Blanchard's request last month.

Blanchard also urged the state to enact legislation to serve as a model for other Great Lakes states.

The legislation, he said, must include a precise and careful definition of medical waste, elevate current voluntary guidelines for handling, treating and disposing of medical waste to statutory requirements, and establish record keeping requirements that enable the waste to be tracked to its source.

REPORT SUGGESTS MEDICAL WASTE CAME FROM WISCONSIN

A special report by a state strike force has suggested that medical waste which landed on the Lake Michigan shoreline last month

originated in Wisconsin.

The report was less specific than weekend news reports stating the waste, which included four syringes containing cocaine residues, came from an unspecified hospital in southeastern Wisconsin.

The report said the items in the waste led investigators to believe it came from the Milwaukee area, but no source was identified.

The waste included caps from juice bottles from a company which bottles and retails in Milwaukee, pencils from the Kenosha area, various construction materials with markings of Milwaukee area companies, and paper shipping labels from the Milwaukee area.

Natural Resources spokesperson Sue Henry said no evidence has yet determined how the waste got into Lake Michigan, and said reports linking the waste to an unnamed hospital are incorrect.

She also said it was not clear what law would apply to waste discovered in Michigan but originating in Wisconsin.

Public Health Director Raj Wiener was quoted in the Detroit News as saying tests by a state task force indicated the waste was from a hospital in Wisconsin.

A Milwaukee Journal story over the weekend reported Wisconsin Department of Natural Resources officials traced the waste to a hospital in the southeastern part of that state.

The waste — 72 syringes, plastic tubes and surgical gloves and other material — washed up on Lake Michigan shoreline between Muskegon and Ludington.

Department of Public Health tests disclosed only normal bacteria were present in the syringes and they posed no threat to human health.

... about your Social Security

SURVIVORS SHOULD APPLY AS SOON AS POSSIBLE

Surviving dependents of a deceased worker should apply for Social Security benefits as soon as possible following the worker's death.

Applying promptly will allow benefits to start in the shortest time possible. In addition, some benefits cannot be paid for more than a month before the application is filed.

Before any survivor benefits can be paid, the worker must have had credit for a certain amount of work covered by Social Security. In 1988, the amount of credit needed ranges from 1-1/2 to 9-1/4 years, depending on the worker's age at death.

Social Security monthly benefits can be paid to these survivors:

— Unmarried children under 18, or under 19 if a full-time high school student.

— Unmarried children over 18 who were disabled before age 22 and remain disabled.

— A surviving widow or widower of any age caring for a child under 16 or disabled who gets benefits.

— Widow or widower 60 or older.

— Disabled widow or widower 50-60.

— Dependent parent 62 or older.

Benefits can also be paid to a surviving divorced spouse if the marriage to the deceased worker lasted 10

years or more. Grandchildren can get benefits on a grandparent's, or great-grandparent's record under certain circumstances.

Some documents that Social Security may request from survivor applicants are a death certificate, military service record for the deceased, Social Security number for all applicants, birth records for all applicants, and marriage or divorce records. Evidence of the deceased worker's earnings for the year of death and the most recent past year may also be needed.

Even if there are no survivors eligible for monthly benefits, a \$255 lump sum death payment may be made to the surviving spouse. So it is important to contact Social Security when a worker dies, to inquire about any possible benefits payable.

For more information, contact Social Security in Traverse City at (616) 946-8360. Or, for long-distance callers, use Social Security's new toll-free number (available 24 hours a day) - 800-2345-SSA.

A representative is at the County Building in Grayling on the first and third Tuesday of each month, 10:30-2:00. There is no phone service at this location.

CUB SCOUT POW-WOW — Cub scouts from Den #2 had a Pow-wow with their leaders, Linda Starks and Jodi Potter at the teepee located behind the Outpost in Grayling.

Cub Scouts Accept Flag-Raising Job

The pack meeting of October 17 started with a demonstration by Mike Shearer and Rex Shepard of the National Guard. With their help the Scouts will be learning the correct way of raising and lowering the flag. This will be the scouts special new job at the Grayling Elementary School.

Awards were presented to the Webelos and Cub Scouts. A special Den Chief recognition award was presented to Tommy Mason and Michael Johnson.

Scout uniforms were passed out. Because of the generous aid of the Grayling Booster Club donating over \$500 every boy will wear a uniform.

Starting on November 1 till November 26, the Scouts will

be selling popcorn. This is the first fundraising scheduled this year, so please watch for it.

Congratulations to Den 4 for winning "cubbie" this month. Den 4 will be snacking on some delicious treats from Goodale's Bakery, for having the most Scouts parents at the Pack meeting.

Thank You

To all his friends and the staff and Sisters at Mercy Hospital. Special Thanks to the Environmental Service Dept. and Kip Papendick.

LITTLE GIRLS AND DOLLS — Girl Scout Troop 2045, Corrine Lanning, Bonnie Pooley, Jennifer Jurkovich, Tina Lobsinger, Julia MacAnallen and Heather Washburn visited Grandma Bo Jyla to learn how she makes her beautiful dolls.

Girl Scouts Visit 'Santa's Workshop'

By Corrine Lanning
This was a very busy week for troop 2045. Tuesday June Ginter was our guest. She brought in a bunch of snakes and bugs and a stuffed porcupine. We made a centerpiece with natural things from our state. She answered all our questions about wildlife. We hope she comes again in January. We visited Grandma's dolls on Wednesday. Bo

helped us each make a pin with a little doll on it. We all sang happy birthday to Mrs. Huss. Then Grandma Bo read us two stories. We got to look at all the things you can break. We all got a wax pot-porri from Mrs. Huss.

Grandma Bo gave us a nice snack and answered all our questions. We saw all the dolls she made. No one wanted to leave. It was like Santa's workshop.

GARDEN Smallest Flower First

Winter Aconite

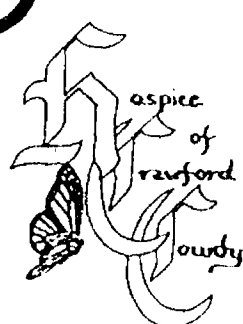

Several of the smaller flowered spring bulbs are among the first to flower in the spring—often impatiently pushing their way through the melting snow. The winter aconite, *Eranthis hyemalis*, is one of the earliest to flower. Its golden-yellow flowers reach four inches in height. Snowdrops, *Galanthus nivalis*, flower about the same time with snowy-white flowers borne on four to six inch stems. Glory-of-the-snow, *Chionodoxa luciliae*, flowers with the Korean azalea and forsythia, its bright blue flowers on four to six inch stems providing a pleasant contrast in color.

Siberian squill, *Scilla sibirica*, is also early flowering.

It produces masses of bright blue flowers on spikes of four to six inches in height. And, everyone's harbinger of spring is of course, the Crocus. Several botanical species and hybrids are available in white, blue, lavender, gold and striped colors.

Paper Narcissi offer indoor gardeners beautiful blooms quickly and without the need for cold storage. Plant them in ornamental bowls filled with pebbles. Arrange them closely and bring the water level to the base of the bulbs. Keep them in a cool room until the shoots form and then place them on a sunny windowsill. Planting to flowering takes about six to seven weeks.

River House Shelter and Domestic Crisis Services is a Mercy Hospital sponsored non-profit program for domestic violence victims and their dependent children. While located in Crawford County, River House Shelter also serves Oscoda, Ogemaw and Roscommon Counties.

It is a National Domestic Violence Awareness

Month. In the second of a three part series, River House presents a history of their domestic violence program and the services they provide.

In 1985, the Domestic Violence Treatment and Prevention Board (D.V.B.), a part of State of Michigan Department of Social Services, contacted Department of Social Services offices in

Crawford, Oscoda, Ogemaw, Roscommon and Otsego Counties. They were seeking statistics to document the need of a shelter and seeking bids from those counties where an agency could be found to accept responsibility of setting up a shelter program. The D.V.B. is responsible for administering public funds legislature has set aside for domestic violence

programs in the form of state and federal grant monies.

In 1985 there were four shelter programs in Northern Michigan: Alpena, Petoskey, Traverse City, and Cadillac. Four of the five counties surveyed were not assigned to a shelter program. Otsego County was already assigned to the Petoskey Shelter service area. The statistics were gathered primarily from Adult Protective Services caseload statistics. They showed that in 1985, 61 women and children needed domestic violence services. This figure was believed to be only a small portion of the actual number of women who needed services, as not all abuse cases were reported.

In December, 1985, Department of Social Services and Community Mental Health approached Sister Mary Ellen at Grayling Mercy Hospital as a possible sponsor for the grant monies. In January, 1986, the application for funding began.

In October, 1986, the River House program began with a twenty four hour crisis line and a staff of three, consisting of a director, client advocate/counselor and a volunteer program coordinator. The crisis line was call forwarded to volunteer homes after business hours. In November an office manager was hired.

By March, 1987, the shelter home was ready to be opened. Families needing shelter prior to the home opening were referred to the other four shelter programs. With the opening of the shelter home, three night attendants were hired and in June a shelter manager was added to the staff. A children's advocate was recently hired. There is a base number of 21 volunteers, several belonging to a volunteer group

committed to assisting River House in Ogemaw County, where they reside.

River House is also a work station for R.S.V.P. (Retired Senior's Volunteer Program) and volunteer transporters from Department of Social Services also help with client needs. This past summer, River House also had volunteer help from the Foster Grandparents Program.

River House is funded through state and federal grant monies, as well as United Way in Ogemaw and Crawford Counties. They also must provide match funding locally through donations and volunteer hours in order to receive the state and federal funding (Donated items can be food, clothing, personal needs, money, etc.).

Some of the services provided by River House are crisis intervention, a 24 hour crisis line, support groups, temporary safe housing, housing referrals, counseling referrals, domestic violence counseling, advocacy, transportation to shelter, appointments (for shelter residents), and support group, health and legal referrals, and financial assistance.

If you or someone you know is in need of the services of River House Shelter, or if you would like more information, please contact the shelter at 517-348-3169. Collect calls are accepted on the crisis line, 348-8972.

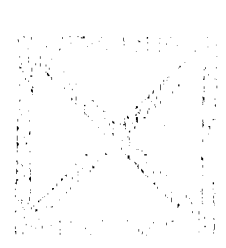

The Shelter staff also provides community information to church and civic groups, clubs and organizations. Three churches in the outreach area have donated office space to be used for community information appointments and volunteer use. Appointments can be scheduled for these purposes by calling the Grayling business office.

HELPFUL IDEAS FOR SUCCESSFUL RETIREMENT

Learning CPR

It has been estimated that over one hundred thousand lives could be saved every year if everyone were certified in Cardio-Pulmonary Resuscitation (CPR). Most people, when thinking of CPR, automatically associate it with a heart attack. But there are many other reasons why a victim can lose their heartbeat and stop breathing. As an example, an allergic or other reaction to drugs (even prescription drugs) can cause a person to stop breathing. Others include electric shock, drowning, choking, and seizures from epilepsy or diabetes. When administering CPR, you are giving a victim "borrowed time"; since permanent brain damage will result when the brain is deprived of oxygen for over four minutes, you are the one keeping the victim alive.

Since the United States has become somewhat of a lawsuit-happy country, many people believe administrat-

ing CPR and failing to help the victim (or even hurting him or her) opens the door to all kinds of legal issues. But most states now have some sort of "Good Samaritan Law" that protects people who act in good faith.

Although performing CPR on a dummy is an important part of the certification process, there are other parts of the classes that are just as important. You'll learn how to spot potential victims of heart attacks, how to tell the difference between someone who is choking and someone who may be going into cardiac arrest, and how to deal with the "denial process" that many heart attack victims go through at the onset of problems.

As long as heart attacks are a major killer, Cardio-Pulmonary Resuscitation will be an important part of basic first-aid. Contact your local chapter of the Red Cross or the American Heart Association. Lives do depend on it.

Alumni News

The GHS Class of '57 had a 31st reunion on the weekend of September 17. It started on Friday evening at the Bob Strong's cabin on the AuSable river with a quiet social hour. They continued on Saturday around noon when a lot of activity got underway, led by "game organizer", Charlie Garland. Late afternoon found them resting their bodies to prepare for a variety of food set up to go

with the grilled steaks.

The fun ended with a brunch at Aunt Betty's restaurant on Sunday morning. They have decided to meet every year, to enjoy this fellowship that began in their early school years.

Chairperson was Judy Sorenson, assisted by a committee of Kay Morrill, Charlie Garland, Wayne Dutton.

Check Up Time

With winter just around the corner it's time to clean up the battery for those hard starts later on. Use a commercial aerosol battery terminal cleaner to remove corrosion on terminals and cables. Disconnect the terminals and clean contact surfaces with a wire brush and reconnect. Make sure the engine oil is winter grade and inspect hoses for leaks or wear spots. Check the antifreeze level and strength.

ARTICLES OF INCORPORATION OF THE CRAWFORD-OTSEGO SOLID WASTE MANAGEMENT AUTHORITY

These articles of incorporation are adopted by the incorporating municipalities for the purpose of creating an authority under the provisions of Act No. 233 of the Public Acts of 1956 of the State of Michigan, as amended hereinafter referred to as the "Enabling Act".

ARTICLE I

The name of the authority is "Crawford-Otsego Solid Waste Management Authority," hereinafter referred to as the "Authority."

ARTICLE II

"Municipality," as referenced herein, shall include county, township, city, or village. The incorporating municipalities creating the Authority are as follows:

COUNTIES OF: CRAWFORD-OTSEGO

Said incorporating units and any other municipalities which, pursuant to Section 1 of the Enabling Act, shall become a constituent part of the Authority, is hereinafter referred to as a "Constituent Municipality."

ARTICLE III

The registered office of the Authority shall be the office of the Treasurer, Crawford County, Grayling, Michigan 49738, until or unless a different site is designated by the Board of Directors as is hereinafter established.

ARTICLE IV

The purposes of the Authority are to furnish solid waste management services and to acquire, own, improve, enlarge, extend, operate, and administer a solid waste management system, or to contract for the furnishing of such service to the Authority by any other appropriate source, and to carry out any one or more of the foregoing functions or powers, all in accordance with the authorization of the Enabling Act. A "solid waste management system" as used in these Articles of Incorporation, shall be as defined in the Enabling Act, including all plants, works, instrumentalities, and properties used or useful in connection with the collection, transportation, processing, or disposal of discarded or waste materials of any sort, including access roads and facilities for resource recovery. Storage or disposal of hazardous wastes or toxic materials is not included.

ARTICLE V

The Authority shall be a public body corporate comprised of the territories lying within the corporate boundaries of its Constituent Municipalities, with the power to sue and be sued in its own name in any court of the State of Michigan having proper jurisdiction and venue; the Authority shall have all the powers necessary to carry out the purposes of its incorporation and all powers incident thereto, now or hereafter granted by the Enabling Act or by any other applicable statute and by these Articles, including, but not limited to, the following specific powers:

- The power to adopt by-laws and rules and regulations for the control of its affairs and the conduct of its business;
- The power to adopt an official seal and alter the same at pleasure;
- The power to maintain an office at such place or places within Crawford or Otsego Counties, State of Michigan, as it may designate;
- The power to determine the location of any solid waste management facility operated, maintained, or constructed by it, and to determine in its discretion and without reference to any other provisions of the enabling act or any other law, the design, standards, and materials of construction of any such solid waste management system or facility, including the power to construct, maintain, repair, and operate same, subject, however, to the functions, powers, and duties of the State Commissioner of Health, and State Department of Natural Resources, or any other pre-emptive federal or state laws or regulations promulgated under any such laws;
- The power to issue bonds under such means as are provided in the enabling act;
- The power to acquire, hold, manage, control, sell, exchange, lease, and dispose of real and personal property, either within or without its corporate limits, in the exercise of its powers and the performance of its duties and purposes;
- The power of condemnation under the provisions of Act No. 149 of the Public Acts of 1911 of the State of Michigan, as amended, or any other statute which grants to any municipality or public body the authority to acquire private property for public use;
- The power to enter into a contract or contracts with any of its Constituent Municipalities for the furnishing of its services to any Constituent Municipality;
- The power to enter into a contract or contracts with any non-constituent municipality for the furnishing of its services to any non-constituent municipality;
- The power to enter into a contract or contracts with any other appropriate source or sources for the furnishing of solid waste management services by such other source or sources to the Authority, or for the use by the Authority of any of the facilities for a solid waste management system or services of the such other source or sources.
- The power to secure all necessary services and to hire all necessary employees to carry out the functions and powers of the Authority, and to fix the compensation therefor; and
- The powers invested in it under the terms of the enabling act, as amended, and all powers granted by any charter or other statute.

The enumeration of the foregoing specific powers shall not be construed as a limitation upon the general powers of the Authority unless the context shall clearly indicate otherwise.

The Authority shall have no direct taxing power.

ARTICLE VI

Each Constituent Municipality shall appoint representatives to the Authority as follows:

- The legislative body of each Constituent Municipality shall appoint two (2) members of the Authority Board. Those persons appointed may, but need not be, members of the legislative body of the Constituent Municipality. Residency within the appointing Constituent Municipality shall be a prerequisite for any such appointee.

Members of the Authority Board shall serve for 3-year terms and may be appointed to succeed themselves. If the By-Laws of the Authority so provide, the terms of the first members appointed may be less than three (3) years and may be staggered.

- The governing body of the Authority shall be a Board of Directors, which membership shall be made up of the respective appointees duly appointed by each of the Constituent Municipalities.

The Board shall select from among its members a chairman, a vice-chairman, a secretary and a treasurer, all of whom shall be officers of the Board. The offices of secretary and treasurer may be held by one person if so provided in the by-laws. The terms of officers shall be one year except that officers may succeed themselves.

The officers of the Board shall be the executive officers of the Authority, and as such shall be empowered to initiate and exercise the powers set forth in Article V above, including ancillary powers necessary to implement the express powers, except that the majority concurrence of the full Board membership shall be mandatory to effectuate such powers in such instances as shall be further provided for in the By-Laws.

The Board shall meet at least semi-annually and such other regular meetings as may be prescribed in the By-Laws together with such special meetings as may be necessary. In January of each year the Board shall hold its Annual Meeting. At each Annual Meeting an election of officers of the Board, being officers of the Authority, shall have the authority to call and chair meetings of the Board and of the Authority membership, except as may be otherwise provided for in the By-Laws. Elections for new officers shall be held at the Annual Meeting.

All meetings of the Board, committees thereof, and the Authority shall be governed by the parliamentary provisions of Robert's Rules of Order unless otherwise provided for or waived by express provisions within the officially adopted By-Laws. Any provision herein to the contrary notwithstanding, the Board shall conduct its meeting in accordance with the Open Meetings Act.

Board members and representatives may be paid such reasonable compensation as the Board may establish, consistent with the laws of the state of Michigan, and in addition the Board may authorize payment of actual expenses incurred by a Board member for the performance of duly authorized Authority business.

In the event that a vacancy shall occur within the Board membership, such vacancy shall be filled by the legislative body of the Constituent Municipality which made the prior appointment now vacant.

These Articles specifically recognize the existence of the heretofore constituted Crawford-Otsego Landfill Authority, and state that it is the intention of the corporation to assume the assets and liabilities thereof so as not to impair existing contracts.

ARTICLE VII

The chairman of the Board shall be the presiding officer thereof. In the absence or disability of the Chairman, the Vice-Chairman shall perform the duties of the Chairman. The Secretary shall be the recording officer of the Authority. The Treasurer shall be the custodian of the funds of the Authority and shall give it to a bond in an amount not less than Ten Thousand (\$10,000.00) Dollars conditioned upon the faithful performance of the duties of the office. The cost of said bond shall be paid by the Authority. The Board shall have the Authority to increase the amount of the bond as circumstances may require.

All monies received by the Authority shall be deposited in a bank or banks to be designated by the Board and all checks or other forms of withdrawal therefrom shall be signed by the Treasurer or Deputy Treasurer and any officer of the Board or Executive Operating Committee person, in addition to the Treasurer. The Deputy Treasurer shall be appointed by the Treasurer subject to approval by a majority of the Board at the time the appointment is made. The Deputy Treasurer shall serve at the pleasure of the Treasurer making the appointment.

The Board shall annually prepare and file with the legislative bodies of the Constituent Municipalities, an annual budget covering the proposed expenditures to be made for the organizing and operating of the Authority, and for the necessary funds required and the source or sources thereof, for the next fiscal year.

The Board shall cause an annual audit to be made of the financial transactions of the Authority by an independent certified public accountant, and shall furnish a copy thereof to the legislative body of each Constituent Municipality.

ARTICLE VIII

The Authority shall indemnify any and all of its member-representatives, officers, and employees against expenses actually and necessarily incurred by them in connection with the defense of any action, suit, or proceeding in which they or any of them are made parties by reason of any matters relating to the affairs of the Authority; provided, however, that the Authority shall not be required to provide any indemnity if such member, officer, or employee shall be adjudged or found guilty by a court of competent jurisdiction of fraud or misconduct in the performance by such representative, officer, or employee, of his duties to the Authority.

ARTICLE IX

These articles or incorporation may be amended at any time if such amendment is adopted by the legislative body of each Constituent Municipality which comprises the authority. These articles of incorporation may be amended to include one or more municipalities other than the incorporating municipalities provided that these articles, as amended, are adopted by the legislative body of such other municipality and by the legislative body of each Constituent Municipality.

Any such amendment shall be endorsed and published, and certified and filed by the recording officer of the Authority, which recording officer shall be the Secretary of the Board.

These articles of incorporation shall not be amended in any manner which would impair any bonds or contracts of the Authority or of any Constituent Municipality.

ARTICLE X

After adoption by the incorporating municipalities, these articles of incorporation shall be published once in a newspaper having general circulation in Crawford and Otsego Counties, Michigan, and a printed copy thereof, certified as a true copy, with the date and place of publication, shall be filed with both the Michigan Secretary of State and the Clerks of the Counties of Crawford and Otsego, Michigan. The County Clerks of the Counties of Crawford and Otsego, Michigan, are hereby designated as the persons to cause these articles of incorporation to be published and certified and filed as aforesaid. The Authority shall become effective upon the filing of the printed copies, as aforesaid.

ARTICLE XI

The Authority shall continue in existence perpetually or until dissolved by a 2/3 majority vote of the constituent municipalities or by decree of a court of competent jurisdiction; provided, however, that the Authority shall not be dissolved if such dissolution would operate as an impairment of any bonds or contracts of the Authority or of any constituent municipality.

No constituent municipality shall be permitted to withdraw from the Authority if such withdrawal would operate as an impairment of any bonds or contracts of the Authority or of any constituent municipality, including the withdrawing municipality, or if such withdrawal would result in the termination of solid waste management services being furnished either by or to the Authority or any constituent municipality.

ARTICLE XII

The incorporating units of government hereto agree to adopt by appropriate Resolution (or alternatively, by Ordinance) all enactments necessary for the implementation and furtherance of the Crawford-Otsego Solid Waste Management Authority. These Articles of Incorporation have been adopted by the incorporating units of government, as is hereinafter set forth in the following formal endorsements, which confirm the prior execution of a Resolution which formally adopts these Articles substantially in the Resolution format herewith affixed.

ARTICLE XIII

Anything to the contrary herein notwithstanding, no Constituent Municipality shall be obligated to pay any sums of money whatsoever unless pursuant to a written contract between such Constituent Municipality and the Authority.

The foregoing Articles of Incorporation were adopted by the Board of Commissioners of the County of Crawford, State of Michigan, at a meeting duly held on the 11th day of October, 1988.

(Pd. Adv.)

Homan-Hatfield United

Renee A. Hatfield and Christopher R. Homan were married Sept. 3, 1988, in Holy Trinity Episcopal Church, Gainesville, Florida. Officiating was the Rev. David W. Pittman.

The bride, daughter of Pauline Hatfield of Grayling, and Roger and Barbara Hatfield of Gainesville, wore a lace bodice gown with puffed sleeves and silk shirt with a net overlay. Her attendants were Carol A. Hatfield and Elizabeth A. Homan.

The bridegroom, son of John and the late Barbara Dumbauld, and Sidney and Norma Homan, of Gainesville, was attended by Glenn R. Seery and Harold L. Hatfield.

Grandparents of the bride are Virginia and the late R. LeRoy Millikin of Roscommon. The brides step-grandparents are Robert and Jeanne Kelly of Gainesville.

The grooms grandparents are Mr. and Mrs. James B. Peters of Virginia.

The bride and bridegroom are employed by the University of Florida. The couple will live in Gainesville.

Holmes, White United

Catherine A. Holmes and Darin P. White were married in a double-ring ceremony, August 20, at First Presbyterian Church in Alma, MI, with Rev. Dwight W. Hillstrom officiating.

Parents of the bride are Carol J. Holmes of West Branch, MI and the late Arthur E. Holmes. Parents of the groom are A. Penni White of Alma, MI and Ford F. White, Jr. of Sedalia, MO.

The bride was escorted to the altar by her brother, Timothy, wearing a 2-pc Seville white lace tea-length gown. The long sleeve lace jacket had a bateau neckline with a V-back and Schiffl lace trim. Her waist length veil was attached to a satin hat trimmed with satin and pearls. She carried a colonial bouquet of aqua mini carnations, white rose buds, and lilies of the valley trimmed with lace and knotted picot ribbons.

The Matron of Honor was Kimberly Mezey. The bridesmaids were Janet Holmes, sister of the bride, Laura Bean and Michelle Sumner.

The Best Man was Ronald Ross Briggs. The Groomsman were Terrance Heckerthorne, James Stewart, and Thomas Holmes, brother of the bride. Robert Holmes, brother of the bride, was an usher.

Following the wedding a dinner reception was held at the Valley View Golf Club in Sheppard, MI.

The bride is a 1984 graduate of Ogemaw Heights

High School, West Branch, a 1988 graduate of Alma College, and attends Ferris State University School of Pharmacy.

The groom is a 1984 graduate of Grayling High

School. He attended Central Michigan University. He attends Ferris State University School of Technology.

After a honeymoon in Toronto, Ontario, they reside in Big Rapids.

Keeping Healthy

Olive Oil

According to a research study published recently in the *Journal of the American Medical Association*, the nation's leading medical/scientific publication, there is evidence to indicate that olive oil has a beneficial effect upon high blood pressure and may, in fact, result in lowering blood pressure levels.

A group of medical scientists undertook the study at the Center for Research in Disease Prevention at Stanford University Medical Center and came up with findings excerpted here.

They found "...a significant relationship between intake of monounsaturated fat and both systolic and diastolic blood pressure..."

Recent research has proved that monounsaturates are equally as effective as the highly touted polyunsaturates in reducing levels of harmful LDL cholesterol. And "monos" are even more effective overall because they maintain the productive HDL CHOLESTEROL. "Polys," in large amounts, reduce both bad LDL and good LDL cholesterol.

Firewood

Six to eight months are usually needed for firewood to dry properly. Split wood dries fastest.

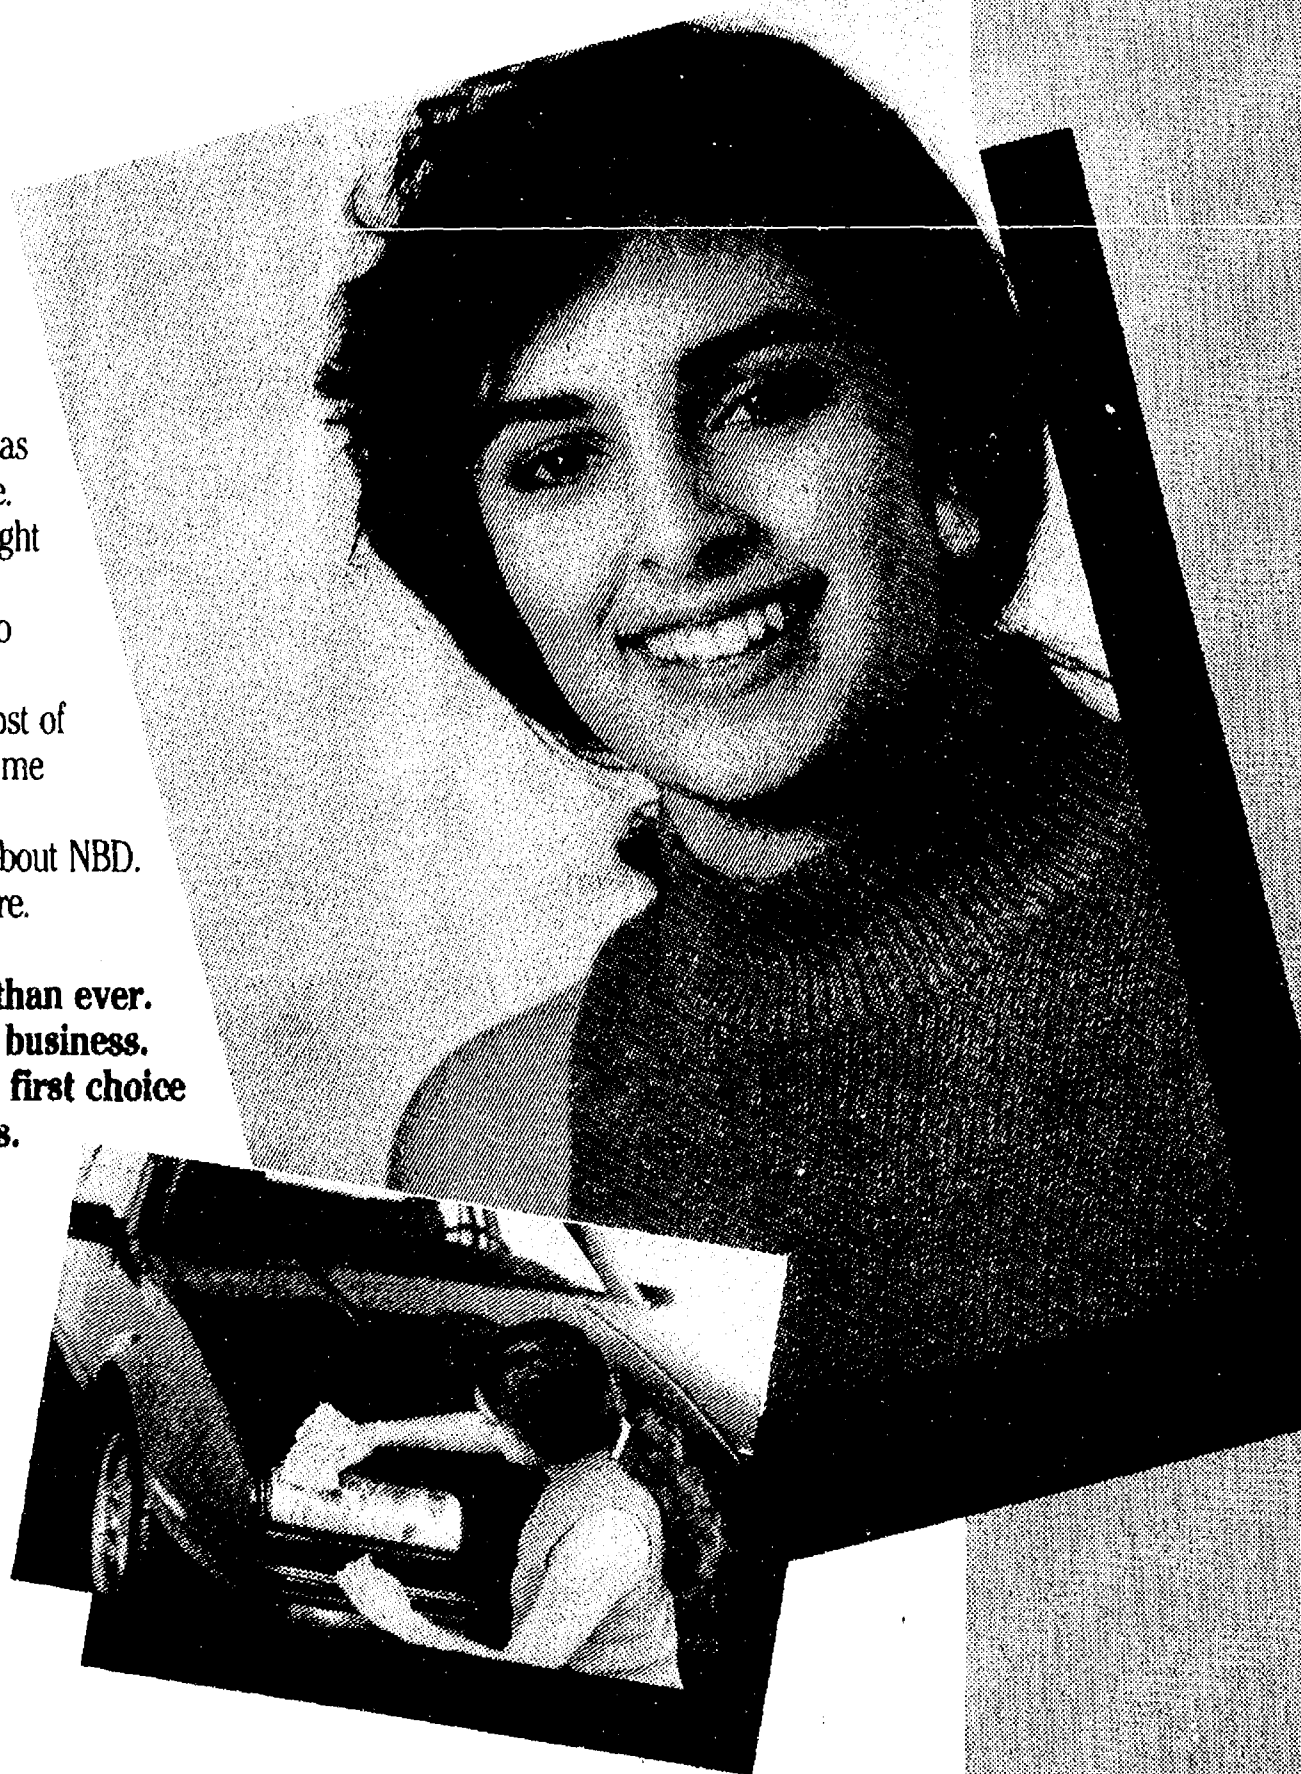

Newly cut (green) wood may contain up to 50 percent moisture. When burned, much of the heat will go to driving off the moisture instead of heating the home.

"I was torn between 5-speed or automatic, not where to get the loan."

"Then I made the right move and chose NBD."

"When I saw this car, I knew I had to have it. I can't honestly say I gave too much thought about where to get the loan. I thought all there was to choosing a car loan was finding the lowest rate. "Good thing Mom was along. She set me straight and sent me to NBD. "They explained that there were other things to consider, such as the length of the term, fixed or variable rates—even the possibility of leasing. Most of all, they made it clear they really wanted to help me get my car. "Well, I got my car. And I got a great feeling about NBD. Which is why I decided to do all my banking there. "I made the right move."

Today, you have more banking choices than ever. At NBD, we have to be better to earn your business. Make the right move, and make NBD your first choice for a car loan—for all your financial needs.

Tigercats Are Top Special Olympic Team

The Northland Tigercats are the number one Special Olympics soccer team in Michigan.

Composed of special education students from C.O.O.R. ISD and the R.O.O.C. Workshop, the Tigercats took the state

championship in Division I at the Michigan Special Olympics Soccer Tournament in Warren on Oct. 14 and 15.

Over 40 teams took part in the event. This is the first time any team from this area has won a Division I

title in any sport. Division I represents the highest competitive level in state play.

The Tigercats earned the state crown with a 2 to 1 victory over defending champion Macomb County and then defeated Grand Blanc 3-0 for the title. In the championship game Grayling's Chris Wylie and Chris Whaley each scored goals. The varsity squad ended the

season with a perfect 6-0 record. Jerry Whaley of Grayling also was on the team.

The Tigercat J.V. squad earned a bronze medal by finishing in third place in the six-a-side division. Crawford County athletes on that squad included: Tom Ferguson, Dave Emery, and Dawn Whaley.

TIGERCAT CHAMPS — Grayling athletes at the soccer tournament were (L-R) Tom Ferguson, Chris Wylie, Dawn Whaley, Dave Emery, Chris Whaley, and Jerry Whaley.

THOUGHT FOR FOOD

Super Caramel Chocolate Pie

- 1 Chocolate flavored Ready-Crust pie crust
- 1 pkg. Knox unflavored gelatin
- 1/4 cup water
- 1 pint whipping cream
- 2/3 cup chocolate chips
- 22 caramels
- 2 tbs. butter
- 2 eggs
- 1 tsp. vanilla

In a small saucepan, sprinkle gelatin over water. Stir over low heat until completely dissolved. Blend in 1/4 cup cream. Bring mixture to a boiling point. Pour into blender and add chocolate chips. Process until chips are melted. Then add 1/2 cup cream, eggs and vanilla. Mix well. Pour in bowl and chill until thickened, about 15 minutes.

Combine caramels, 1/4 cup cream and butter in a small pan. Simmer, stirring often. When caramels are melted, pour in pie shell. Cool, about 10 minutes.

Whisk chocolate mixture until smooth. Pour over caramel sauce in shell. Cool until firm. Top with remaining whipping cream.

Single-Parent Childhood

An American child born in this decade has a 50 percent chance of spending part of his or her childhood in a single-parent home.

Salt Sensitive

Sixty million Americans have high blood pressure, which is a major cause of both heart disease and stroke. About half of these people are salt sensitive: their blood pressure goes up if their diet is high in salt and down if it is low in salt.

Resource Review

By Bruce Patrick
Conservation Officer

The science of geology deals with the nature and history of the earth's crust as it is recorded in and above the crust. The Crawford/Roscommon County vicinity does not have a lot of dramatic geologic features as they are generally conceived. While the Upper Peninsula has many highly visible rock outcroppings, waterfalls, mountains (highly eroded) and cliffs, our local area has only hills, rivers and lakes visible for the geologist to look at and study.

One of the most interesting features we have, in my opinion, are a series of moraines, or hills, which split the counties north to south. A moraine is a mass

of glacial debris, which is left behind when a glacier melts and retreats, much as piles of sand are left when plowed snowbanks melt away. Cursory study will show that the range of hills which are located a couple of miles west of Frederic, run south to the Lake Margrethe vicinity, then along the east side of the lake and on towards Higgins Lake. There, the hills turn to the east and then southwest running between Lake St. Helen and the Backus Creek area.

What this range of hills is, is the "backbone" of the northern half of the Lower Peninsula. Water to the west of the hills flows into Lake Michigan, while that on the east flows to Lake Huron.

This is evident by simply looking at the county maps: along M-18 south of Roscommon, the Cut River and Robinson Creek are within a mile and a half of each other, yet they flow in opposite directions and Beaver Creek is a couple of miles from Higgins Lake, yet their waters don't mingle. The most striking example, however, is the AuSable River mainstream which lies a short distance from Lake Margrethe, a tributary to the Manistee River. If you remember that Lake Margrethe was originally called Portage Lake, you will realize the historical importance of these hills to Crawford/Roscommon vicinity.

It's pumpkin and cranberry time again - and turkey and pheasant and venison and partridge; what a delicious time of year. Surprise your family with these muffins.

PUMPKIN STREUSEL MUFFINS

1 egg, beaten
1/2 c. milk
1/2 c. canned pumpkin
1/3 c. oil
1 3/4 c. flour
1/2 c. sugar
3 tsp. baking powder
1/2 to 1 tsp. cinnamon
1/2 tsp salt
1/2 tsp nutmeg
3 oz. pkg. cream cheese

Streusel Topping
1/4 c. brown sugar
1/2 tsp. cinnamon
1 tbsp butter or margarine
1/4 c. chopped nuts

Combine well the egg, milk, pumpkin and oil. Add flour, sugar, baking powder, cinnamon, salt and nutmeg and stir only until dry ingredients are moistened; batter will be lumpy. Fill 12 muffin cups lined with paper cups about half full. Divide cream cheese into 12 pieces and place one in each cup. Fill with remaining batter. Combine streusel ingredients and sprinkle over muffins. Bake 18-22 minutes at 400°, or until golden brown. Serve warm. For a change from your regular pie recipe, try this light chiffon version.

PUMPKIN CHIFFON PIE

1 3/4 c. pumpkin
3/4 c. packed brown sugar
1 envelope unflavored gelatin
1 c. milk

2 eggs, separated
1/2 tsp each cinnamon and nutmeg
Mix pumpkin, sugar and milk in top of double boiler. Gradually add milk and heat until steaming. Beat egg yolks lightly, blend in a little hot milk mixture, then return all to double boiler. Add cinnamon and nutmeg and cook until thick. Remove from fire and cool. When cold, fold in egg whites beaten with 1 1/4 c. sugar. Fill baked or crumb crust pie shell and chill.

PUMPKIN COOKIES

1/2 c. butter or margarine
1 c. sugar
1 c. pumpkin
1 tsp. vanilla
2 c. flour
1 tsp baking soda
1/4 tsp salt
1 tsp cinnamon
1/4 tsp nutmeg
1 c. seedless raisins
1 c. chopped pecans or walnuts

Cream butter and sugar until light. Add vanilla and pumpkin. Combine dry ingredients and add slowly. Stir in raisins and nuts. Drop by rounded teaspoon about 2" apart on greased baking sheet and bake 15 minutes at 375° or until lightly browned. Transfer to wire rack to cool. Makes about 4 dozen.

JELLIED ORANGE CRANBERRY SAUCE

Cook 1 1/2 cups orange juice (grate 1 tablespoon rind and reserve) and 1 1/2 cups sugar until sugar is dissolved. Add a 12 ounce bag of cranberries, rinsed and picked over, and simmer 20-30 minutes until reduced to about 2 cups. Stir in orange rind and pour mixture into a well-oiled 2 cup mold. Cool, then chill thoroughly. Unmold onto serving plate.

**Your Week Ahead Horoscope**

Forecast Period: 10/30 - 11/5/88

ARIES

Mar. 21-Apr. 19

Provocative family matters undermine your efforts where business affairs are concerned. Soothe ruffled feelings on the home front.

TAURUS

Apr. 20-May 20

Favorable financial arrangements make it possible to complete a real estate transaction. A long pending matter is satisfactorily concluded.

GEMINI

May 21-June 20

Current financial goals may have to be adjusted upward. Increased expenses having to do with partnership matters are likely.

CANCER

June 21-July 22

An inside tip is well worth pursuing and could pay off handsomely in job or money matters.

LEO

July 23-Aug. 22

Creative efforts are stimulating. You find loved ones receptive to your proposals. An interested party joins your circle.

VIRGO

Aug. 23-Sept. 22

Opportunity for career advancement seems likely, with the appropriate financial benefits, and some claim to fame in the community.

LIBRA

Sept. 23-Oct. 22

Involvement in ecological affairs of the community forces you to take a stand on ways and means of waste disposal.

SCORPIO

Oct. 23-Nov. 21

Be cautious about agreements or contracts. A charmer paints a pretty picture. Look beneath the surface.

SAGITTARIUS

Nov. 22-Dec. 21

Mutual money problems create an awkward situation with partner. Be sure of your ground before making rash statements.

CAPRICORN

Dec. 22-Jan. 19

There should be plenty of job opportunities for the novice. Now is the time to add "experience" to your resume.

AQUARIUS

Jan. 20-Feb. 18

You are bound to meet a very engaging personality as you follow up on the legal aspects of a troubling situation.

PISCES

Feb. 19-Mar. 20

Some minor conflicts at home could pose a threat to career advancement. Wise commitments must be made.

BUDDY'S WORKSHOP**Moving the Water Heater**

For some unknown reason, our water heater is next to the washer and dryer, while all the plumbing fixtures are on the other side of the house. I'm sure I'm losing my energy dollars as hot water travels the length of the house, since the basement is unheated. Would it be worth it to move the heater closer to where the hot water is being used?

One thing you didn't say is whether you'll be doing the work or you will be hiring somebody. Another thing to add in is, in most states, you'll need a permit to do the work and it will have to be inspected. You must also take into consideration how the heater will be vented (if it's a gas heater), and how you'll make a drain area or piping for the pressure-relief valve.

If, when you add everything up, the move doesn't seem feasible, you do have another alternative. You can insulate all the hot water pipes. Since your basement isn't heated, it might be a good idea to do this even if you do move the water heater.

After a party at our house I found two cigarette burns in our brand new carpeting. Is there an easy way to get rid of them?

Using a razor blade knife, cut out the burned strands. Then find an unseen part of the carpeting and cut out enough strands to replace the burned ones. Then, simply glue them in and weigh them down for about 24 hours.

Your front door is the first thing people see when they come to your house, and door manufacturers are realizing the importance decorative entrances have in making a good first impression. Stanley Hardware, for example, has recently introduced a new 3x3-inch solid brass hinge to round out its complete line of entryway hardware. The hinges feature a hand-polished, tarnish-resistant finish, a stylized tip design and a non-rising removable pin.

*I knelt to pray, but not for long;
I had too much to do — must hurry off and get to
work, for bills would soon be due.
And so I said a hurried prayer, and jumped up off
my knees;
My Christian duty now was done,
My soul could be at ease.
All through the day I had no time to speak a word of
cheer,
No time to witness for my Lord;
They'd laugh at me, I feared.
And when before the Lord I came,
I stood with downcast eyes.
Within his hand he held a book — it was the Book of
Life! God looked into his book and said, "Your
name I cannot find; I once was going to write it
down, but never found time.*

Verse or Worse

By Joseph D. Murphy

Ghosts and Goblins

*Halloween night our doorbell will ding dong
Time after time all evening long
We'll go to our door shaking with fright
For Ghosts and Goblins will prowls that night.*

*Little voices will shout "Trick or Treat"
Each will be given a little sweet
Some carry a bag as big as they are
To fill, they will have to travel far.*

*That is the night they can eat their fill
So much, a few will go home ill
From stuffing themselves with all that candy
But most will think that it's just dandy.*

*Most folks will greet them with a smile
And chat with them a little while
They'll welcome those little ones to their door
Give them their treat and wish it were more.*

*The children are having such a happy time
Perhaps an old memory comes to mind
Remembering those days when they were young
Recall old friends they were among.*

*As they dashed happily down the street
Shouting at each door "Trick or Treat"
Be sure to turn on your porch light
For Ghosts and Goblins will prowls that night.*

School Enrollment Shows Bulging Elementary Classes

The official 1988-89 student enrollment in the Crawford AuSable School District is 1,878, according to the September 30 "Fourth Friday" count. The count, required by the Michigan Department of Education, is so named because it takes place annually on the fourth Friday after Labor Day.

The total elementary enrollment is 860, with 607 students at Grayling Elementary School and 253 at Frederic Elementary. Grayling Middle School reported a student population of 531, making the enrollment at all three buildings 1,391 — substantially higher than last year's 1,324.

However, the enrollment at Grayling High School has dropped from last year's 560 to 487, due to an unusually small freshman class with only 100 students.

Carl Naghtin, GHS Principal, explains that this reduction in school population will probably result in a change in athletic classification by the Michigan High School Athletic Association (MHSAA) from last year's Class B to Class C, although the determination is not yet final.

While the 1987-88 elementary school population was 818, this year it jumps to 860 because there are 186 students in the 1st grade, says CASD Superintendent Kent Reynolds. By comparison, there are 167 in Kindergarten (140 in K and 27 in developmental kindergarten), 153 in 2nd, 155 in 3rd and 166 in 4th grade.

The implications of a growing elementary school population are great, continues Reynolds. In 1989-90, this large class — who will be 2nd graders then — will require seven

sections and an additional teacher. (This year, only six sections are required for 2nd grade.)

There will be a ripple effect as this class goes through the schools, he explains. Currently there are five 5th grade sections at the middle school. But when this big class becomes 5th graders, it will need seven sections, all of which cannot be housed in the building. Reynolds says that this issue was addressed when the middle school, with its capacity of 600, was renovated.

Also, the 140 kindergarten and 31 primary students of 1988-89 will make a 1st grade class totalling 171 next year, further straining the capacity of the elementary school buildings.

Reynolds explains that a decision will have to be made prior to the 1992-93 school year: If we want to have adequately sized classrooms, avoid using the portables, give reading and music classes a room, provide space for itinerant teachers (such as gifted/talented, occupational therapist, psychologist, social worker and speech therapist) and allow for growth, then the district will require 10-12 additional elementary classrooms. He plans to put together a task force soon to study the situation and examine alternatives.

The school population is growing, concludes Reynolds, because the area is growing. "It's an attractive area to live in and people like being here. It has a good quality of life, good hospital, business community, schools and housing. It's a good place to bring up children."

QUICK HUNT — John Payne, of Grayling, was out of town Saturday the Opening Day of bow-hunting season but returned on Sunday at 3 p.m. By 5 p.m. he had shot this 6-point buck. His 3-year-old son Coleman was in the blind with him.

46th Circuit Court

Dispositions from 46th Circuit Court on Monday, October 17, appearing before the Honorable Alton T. Davis: Linda L. Craig, age 39, of Monroe, Michigan, was

arraigned on a charge of Failure To Return Rental Property Over \$100. She faces a maximum penalty of 2 Years in jail and/or a fine of up to \$1,000 if convicted.

Ms. Craig was arrested on a complaint by Showtime Video.

Douglas Martin MacGregor, age 23, of Roscommon, Michigan, was sentenced on a charge of Larceny In A Building. He received 36 months probation, the first 60 days in the county jail with credit given for 2 days served. He must also pay \$400 costs and \$1,200 restitution.

MacGregor was arrested on a complaint filed by Glen's Market of Grayling.

AuSable Adult Foster Care Offers 24-Hour Supervision

The AuSable Adult Foster Care Home, located at 1086 AuSable Trail, opened on October 5th, and offers 24 hour care for the elderly who need or desire some degree of supervision.

Arthur and Linda Gonyer, of Fife Lake, own and operate the facility. They

have 25 years experience in the adult foster care business. The Gonyers own and operate Gonyer's Adult Foster Care Home in Fife Lake which provides a home for 12 residents.

Linda McConnell is the "in-home supervisor" of the Grayling facility. She has

had three years service and training at the Fife Lake foster care home.

The AuSable Adult Foster Care Home can accommodate six residents. It currently is providing care to three residents from the Grayling area. The facility is a new structure overlooking the AuSable River in a peaceful countryside.

In addition to 24-hour supervision, the AuSable Adult Foster Care Home offers to its residents:

Monthly assessments of each resident's progress.

Emphasizing of a person's abilities while de-empha-

sizing his disabilities.

Fishing for the more active residents.

Activities such as bingo, arts and crafts to make life more stimulating.

Services tailored to meet the needs of the individual, strengthening each individual mentally and physically to help them resume the activities of daily living.

Private rooms for residents.

Nutritious home cooked meals.

Transportation provided for shopping, doctor appointments, etc.

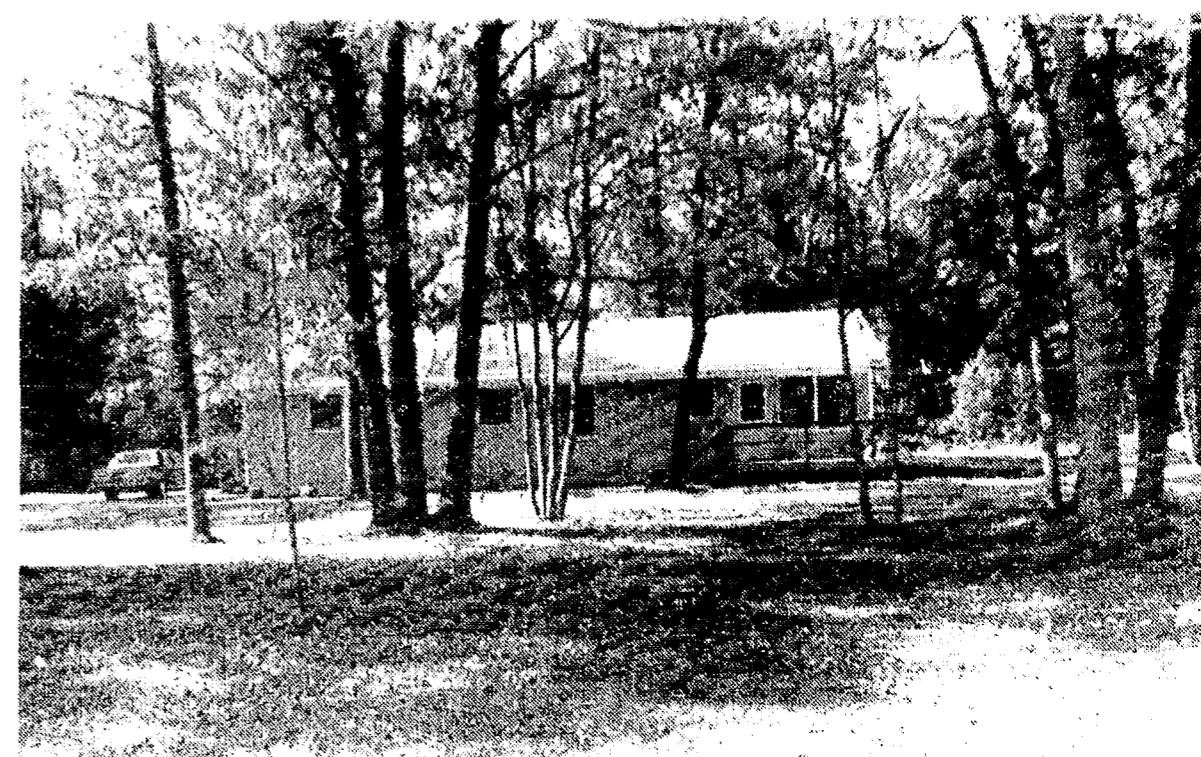

Medications prescribed by

physicians are provided to the facility seven days a week, with billings sent directly to family or home.

Companionship of the other residents.

"We feel that our adult foster care homes provide a necessary service to the elderly," said Linda Gonyer. "It allows them to live independent of their families, yet receive the level of supervision necessary for their wellbeing."

Anyone with questions regarding the AuSable Adult Foster Care Home can obtain further information by calling 348-7803.

PEACEFUL COUNTRY SETTING — The AuSable Adult Foster Care Home overlooks the beautiful AuSable River.

Business

'Secrets for Success' Nov. 9 at Holiday Inn

Starting a small business may seem easy, but there are many obstacles to overcome.

A six-week training session, "Secrets for Success," will begin on Wednesday, Nov. 9 from 6:30 to 9 p.m. at the Grayling Holiday Inn.

The course has been designed to assist new business start-ups and aid newer businesses in the transition from an idea to a profit-making venture.

Topics include writing a successful business plan, constructing balance sheets, and profit and loss statements.

Students completing the class will receive a certificate of completion. Cost is \$95 and covers materials.

Persons may register by calling Al Parks at the Northeast Michigan Consortium Office in Grayling at (517) 348-8709.

The course is jointly sponsored by the Grayling Chamber of Commerce and the Northeast Michigan Consortium.

ELECT HATFIELD SHERIFF

Voters of Crawford County, If you have read Mr. White's Political Ads, Please read this.

I don't normally comment or answer my opponent's political ads but I feel I must answer his innuendos and half truths that have been printed the last 3 or 4 weeks.

Questions From Mr. White's Political Ads

★ 1 Sheriff's pay has risen 35%

I have never asked for a raise. I have received raises along with other elected officials. In 1985, I voluntarily took a \$1,000. cut in wages for that year.

★ 2 Costs have risen

If elected, I will voluntarily take a \$100.00 a month reduction in wages from whatever the Sheriff's salary is set at, for the next 4 years. This should pretty much offset any raise I may receive.

While talking about cost, in January 1982, Mr. White received a rise from \$3.75 to \$4.25 per day to feed a prisoner. After 7 years of inflation and rising costs of living I am still feeding a prisoner on \$4.25 a day. I feed the prisoners better than the state requires.

Mr. White must have been doing pretty good on his \$4.25 a day back then when \$4.25 had a lot more buying power.

★ 3 37% personnel turnover

Of course there has been a turnover in personnel. Most went on to bigger and better jobs. I am happy for them. Mr. White would like you to believe that he never had anyone leave the department.

★ 4 Restoration of tracking dog unit

There were 3 officers in the K-9 unit. One was a part-time employee who went to work for the State full-time and was not available.

The second officer had a home in the upper-peninsula that he could not sell. He got a job near his home and quit this Department and moved back home.

The last officer wanted a pager/charger and injury/death insurance for his dog. It was not a matter of right or wrong of the request but, due to the fact there was no money in the budget for these items, the officer quit.

Dogs are available from other departments at no cost. When we had tracking dogs, we furnished dogs and their handlers to other departments at no cost.

The K-9 people are a volunteer unit and not required by department or union rules.

★ 5 Restoration of a Swat team

The officer in charge of the Swat (S.T.A.R.T.) team was upset when we did not call him in to make a drug raid and quit.

Under-sheriff Coors led the drug raid and made the arrest.

There were no hostages and no need to call in the Swat team. The raid was a standard operation that went off without a hitch.

The Swat team was a volunteer unit and not required by department or union rules.

★ 6 Full use of Modern police tools

All modern police tools that this department has, we use. All police tools are governed by budget.

★ 7 Would have "active detective" and "drug unit."

The department still has an "active" detective and has never had a "Drug unit." Every officer works on the drug problem.

★ 8 No extra budget supplements

As a former Sheriff, Under-Sheriff and Union Steward I am surprised that Mr. White does not know the union contracts are never signed by the time the Sheriff has to turn in his budget. Sometimes they are not signed until the next year. The budget has to be adjusted to the contract agreement, such as wages and anything else the contract calls for. We have had to repair the Radio/telephone dictaphone and buy a new dishwasher. Both had seen many years of service. Budget supplements.

Questions From Mr. White's Political Ads

★ 9 No personal use of costly equipment

It is strange that Mr. White would make this statement. While he was Sheriff (1980-1984) he took the best car (green Olds.) that the department had for his own personal use. He also allowed the undersheriff and detective to have cars for work and personal use. All three of these cars were personal transportation for the family, shopping, visiting and vacations. The taxpayers paid for the purchase of the cars gas, oil, maintenance and insurance.

I stopped that practice and drive my own car. I receive a reasonable amount of gas from the county.

About 20 times, for a period of 24 hours I have allowed officers to take a car home or for personal use. That was because of certain situations or problems in the county. I had demanded that they be in radio or phone contact at ALL TIMES.

★ 10 A closed door policy for criminals

Mr. White must be referring to my inmate work program. I have explained the work program in one of my earlier "ads".

★ 11 That I have reduced the departmental training and experience

The officers are well trained. Training is governed by money that is available. "Experience" is the act of living through an event.

★ 12 No favoritism. No promises that are not kept. No little special deals for anyone.

Mr. White should specify. Just some of his hinting and implying that something is wrong.

★ 13 An Open Letter from Joe White

From Mr. White's open letter it would appear that he believes that the citizens of Crawford Co. are barricaded behind locked doors in fear of their lives. That there was no crime in Crawford Co. while he was Sheriff and that there would be no crime in the county if he is elected Sheriff.

Overall the Crawford County Sheriff's officers are some of the best and the Department is as good or better than most departments in the north.

I hope I have answered Mr. White's innuendos and half truths to your satisfaction.

The Bible Speaks

From Calvary Baptist Church

The Gospel of John

Part #54

Scripture Cannot be Broken

Why do we claim to hold in our hands an inerrant, infallible authority from God? Our Lord Jesus Christ taught us to believe in the Holy Scriptures as inerrant, infallible authority. Listen to the words of Jesus, "If he called them gods, unto whom the word of God came, and the scripture cannot be broken; Say ye of him, whom the Father hath sanctified, and sent into the world, Thou blasphemest; because I said, I am the Son of God?" (John 10:35, 36). Jesus Christ used one word in the Hebrew Old Testament as final authority upon which to defend His position before the Jews.

The Old Testament judges were called "gods" because they had received the "Word of God" and were accountable to God to be His instruments in enforcing justice based upon God's Word. The honor we still pay civil judges reflects our Judeo-Christian Heritage and roots. The honor and authority of the judges came from the precepts and principles revealed to them in God's inspired scriptures. Civil law was based squarely upon the higher laws of God. They not only possessed the inspired Word of God, but Jesus said, "the scripture cannot be broken." Divine providential preservation of the Holy Scriptures as God's infallible authority for man is not a human doctrine, but divine. We believe in an inerrant, infallible Bible because of the words of an inerrant, infallible God who taught us to believe His Holy Words.

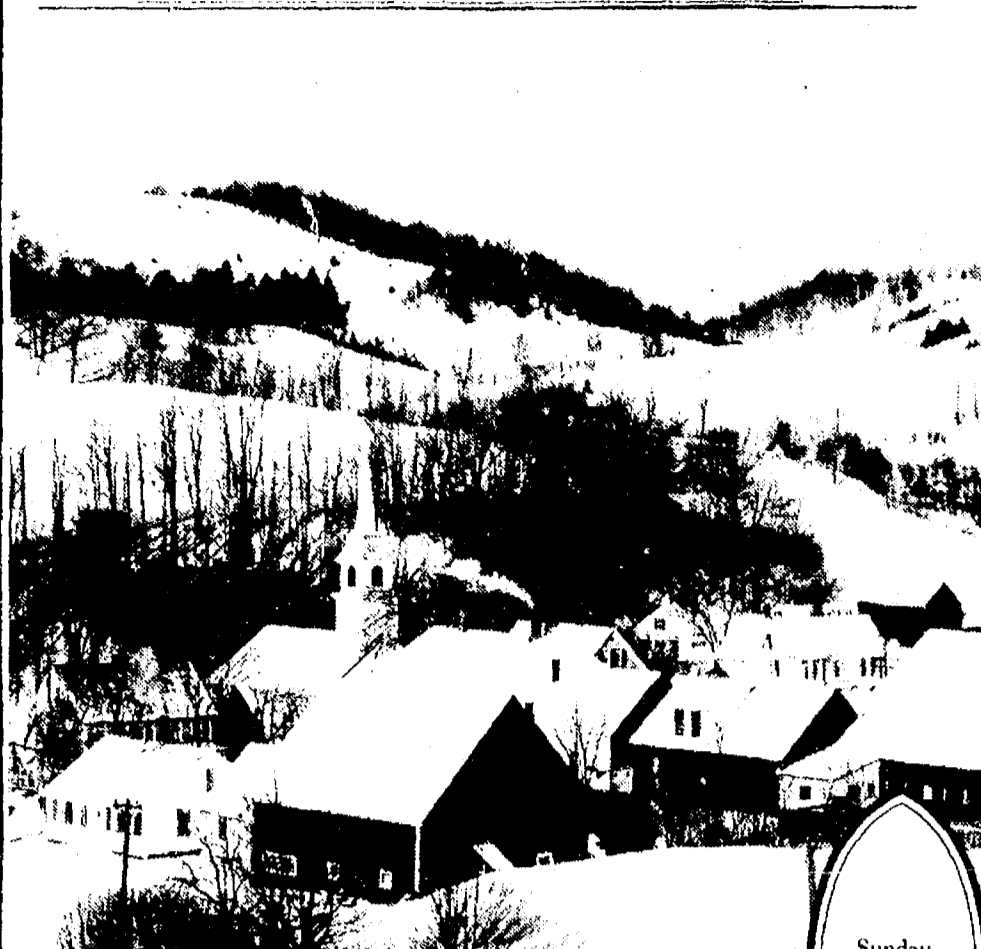

It was the proclamation of this infallible scripture by John the Baptist which resulted in disciples exercising faith in Jesus Christ. Jesus "...escaped out of their hand, And went away again beyond Jordan into the place where John at first baptized; and there he abode. And many resorted unto him, and said, John did no miracle: but all things that John spake of this man were true. And many believed on him there." (John 10:39b-42). John the Baptist had already finished his ministry and been rejected and beheaded, yet the infallible Word of God he had preached continued to work after he was dead and in heaven. John the Baptist was not a miracle worker, he said or did nothing which would exalt his own name or ministry. He simply preached Holy Scripture pointing unsaved people to faith in Jesus Christ and repentance from their sins. The preachers and politicians of his day hated him, but God used his faithful preaching of infallible scripture to produce eternal fruit to God's glory. We are encouraged to know the same God will bless His same Holy Scripture in Grayling in His own time and way. Long after yours truly has left Grayling, God's Word will bring forth fruit.

CHURCH DIRECTORY

COMMUNITY

Amid snow-laden hills the village nestles around its church. In a cold world—a symbol of community.

Probably the most positive trend in our changing culture is this new emphasis on community. For too long it had been a cold world. "Every man for himself..." went the old motto. Now it's becoming a warmer world. Folks recognize their need for one another. And with the realization of need has come increasingly a sense of responsibility.

Naturally the Church is at the center of community: It teaches that we are all children of God. And when the Church calls us together each Sunday it reminds us of our common need—and of our shared responsibility.

Weatherly's Country House Combines Restaurant, Lounge, Catering

George Weatherly was spending a golf weekend in Grayling when he heard that Shey's Country House was for sale. He and his wife, Muriel had been looking for an investment, and after George visited the restaurant and lounge, he called home and described it to

Muriel. That evening George gave Shey a deposit and in December of 1983 the Weatherlys became the new owners.

Grayling was not new to the Weatherlys. They have been spending their summers and weekends at their cottage near Frederic since

1976. George has been coming to the Crawford/Roscommon area since he was a small boy.

Since both George and Muriel were employed downstate, they hired a manager to operate their new business, and renamed it Patty's Country House. In April Muriel retired from her position of 25 years with Midwest Testing Laboratories, a metallurgical testing facility, and began managing the Grayling business.

The Weatherlys purchased a home on Eagle Point, and Muriel became a fulltime resident in April.

"Moving to Grayling is a dream come true," said Muriel. "We have always wanted to live in the north, but our jobs always kept us in the city."

George works for Jo-Ad Industries in Madison Heights and has two more years before he can retire and join Muriel fulltime. In the meanwhile he commutes between the city and Grayling on weekends, and works Saturday and Sunday keep-

ing everything at the restaurant in good repair.

"If we win the Lottery," said Muriel, "George will move north next week!"

With a great deal of coaxing from their five children George and Muriel finally decided to put the family's name on the business, and in April, Patty's Country House became Weatherly's Country House.

Weatherly's is a unique business, in that it is really three businesses in one.

To begin with, Weatherly's Country House is a restaurant and lounge offering meals and beverages seven days a week, 364 days a year, closing on Christmas day only. The restaurant and lounge opens at 10:00 a.m. and closes at 12:00 midnight.

The restaurant menu offers ten different sandwiches, daily luncheon specials and the Soup of the Day, always homemade and always hearty.

Weatherly's Mexican connection is the specialty of the house. Mexican food connoisseurs will find six dif-

ferent Nacho, Taco and Wet Burrito recipes to tingle their taste buds.

On Friday nights, Weatherly's Country House offers a fish fry, featuring baked or fried cod, a full salad bar and fresh home-baked bread.

Beef Bar-B-Q-Ribs, all you can eat, is featured on Saturday evenings. This also includes a complete salad bar and homebaked bread.

Steak, Prime Rib, chicken and chops are also available if fish and ribs are not tempting.

The second part of Weatherly's Country House is its catering business. Weatherly's specialize in weddings and banquets, and can seat 350 persons. Catering is an important part of Weatherly's business. Advance bookings of up to four months keeps Weatherly's staff, Jacquelyn Sadler and Iris Corr, busy, but Muriel said that there are usually openings available earlier, too.

The third aspect of Weatherly's Country House is that it is the home of the Grayling Youth Booster Club's Tuesday night Bingo. At noon on Sunday, Weatherly's hosts the Booster Club as they hold their 50/50 cash drawing.

Weatherly's Country House's Timber Room, decorated in original logging tools depicting the logging area has become a meeting place where friends come together to enjoy good food and friendship.

Weatherly's is located on Industrial Drive. Industrial Drive is the first road on the right, off M-72 East, after the I-75 overpass.

SAWBLADE PAINTING — Muriel Weatherly displays the newest addition to the Timber Room's early logging memorabilia.

WEATHERLY'S COUNTRY HOUSE — Weatherly's is a restaurant and lounge, a catering service, and the home for the Grayling Youth Booster Club's Tuesday night Bingo.

NOTICE FOR BIDS

The Grayling Housing Commission has the following inventory items available for inspection, to individuals who wish to place a sealed bid for purchase of said items:

How can you be rewarded for good driving after 55?

No problem.

Auto-Owners gives you a Good Driver Discount if you're age 55 or over. So instead of reducing coverage or raising auto insurance premiums when you mature—Auto-Owners rewards you with a discount!

Just ask your "no problem" Auto-Owners agent to tell you how a good driver discount can be no problem for you!

JOHN HUNTER

For PROBATE JUDGE

SPECIFIC PROPOSALS For Probate Court

ESTATE DIVISION

1. Will and estate proceedings will be conducted quickly, inexpensively and efficiently.
2. Guardian and conservator proceedings will be monitored by the court on an annual basis.
3. The human dignity and respect of protected persons will be honored; they will be encouraged, when able, to maintain control in their own lives.

JUVENILE DIVISION

1. Action will be taken to ensure that children grow up in a molestation-free environment.
2. Vigorous recruitment of additional foster care families will occur.
3. Juvenile proceedings will be conducted by the JUDGE in a FORMAL ATMOSPHERE to convey the message that we are serious.
4. Juvenile offenders will understand that they are responsible for their conduct.
5. Parents of juvenile offenders will be involved in the proceedings.
6. We will operate a QUIET ROOM, using existing facilities and personnel for juvenile offenders otherwise subject to school suspension or expulsion. No more "3 day vacations". Those in the QUIET ROOM will receive their school work, won't have contact with their peers and will lose their driver's license during their stay. This will be used as a method of last resort after all other community resources and internal school remedies have not been successful.
